NOVOGEORGIEVSK ONLY IS HELD BY ARMIES OF RUSSIA

Entire Remainder of Line Along the Vistula Has Been Evacuated.

IVANGOROD HAS FALLEN

Von Buelow's Advance in the Baltic Seemingly is Menace to Russians.

London, Aug. 6.—With the exception of the great entrenched camp of Novogeorgievsk the Russians have evacuated the whole line of the Vistula river. Ivangorod, the southern fortress, having fallen into the hands of the Austro-German army the Russians are now making their way eastward to the Brest-Litovsk line.

The decision of the general staff to leave the garrison in Novogeorgievsk is announced in Petrograd dispatches. The object is to deprive the Germans of the use of railway communications and of the Vistula river for bringing up supplies for their armies.

Novogeorgievsk is situated at the junction of the Vistula, Narew and Wkra rivers to the northwest of Warsaw. It is calculated by military observers here that an army corps can hold out there for many months, as the camp is protected by massive earthworks, which doubtless have been enlarged and improved since the Russians were compelled to begin their retirement.

Siege Will Prove Interesting.

The laying of siege to Novogeorgievsk may prove one of the most interesting operations of the war, as it doubtless will show whether earthworks are less susceptible to the fire of high explosives than are cupola forts.

Of the retiring Russian armies the official reports say nothing. The Russians, however, destroyed bridges over the Vistula and took other means to place obstacles in the path of their pursuers, while others of their forces continue to offer stubborn resisance to the Germans and Austrians south and north who are trying to forge a ring around them.

The general opinion here is that the Russians commenced their retirement in time to escape this ring.

Menace to Russians.

A serious menace seemingly to the Russians is General Von Buelow's advance in the Baltic provinces. While, according to Petrograd, the Germans have been thrown back immediately south of Riga, they have made a further advance east of Poniewesch toward the Divnsk-Vilna-Petrograd railway.

Some critics believe this movement means that the Germans, unless they succeed in smashing the Russian army, intend to make an effort to advance further into Russia and endeavor to force Emperor Nicholas to accept a separate peace. With the history of previous invasions of Russia before them, however, it is believed, in other quarters that the German staff would hesitate at such a tremendous undertaking.

Along Western Front.

Along the western front, the Germans have made a series of attacks but all of them, according to the French report, were repulsed.

In diplomatic circles great interest is attached as to what is going on in the capitals of the Baltic states. The ministers of the quadruple entente powers at Nish, Serbia, following the example of their colleagues in Athens, have had a conference with the Serbian government. Simultaneously Sofia has denied the repeated reports that an agreement had been reached between Bulgaria and Turkey.

WARSAW FORTS UNDAMAGED

Russians Carried Away Large Part of Supplies as They Left Capital

Berlin, Aug 6.—(via London, Aug 7, 2:07 A. M.)—The forts of Warsaw have fallen virtually undamaged into the hands of the Germans, according to information reaching here. The defenses of Ivangorod, however, were destroyed by the Russians before their retirement. The garrisons of the two fortresses appear to have completed the evacuation without material loss and to have carried away a large part of the stores and munitions of war accumulated in Warsaw for the armies in Poland.

Some disappointment is expressed among the German people at the failure of the Teutonic forces to make an imposing capture of prisoners and guns in Warsaw, but military experts here do not share this feeling. They point out as the real significance of the capture of the two fortresses that the Russians have thereby lost the fortified base of operations which gave them such immense advantage in the earlier movements in Poland and that this advantage now has been transferred to the Germans.

RIGA BEING EVACUATED

British Consulate Turns Affairs Over for American Protection.

London, Aug. 6—(10:50 p. m.)—The British consulate at Riga, the Russian seaport which is being evacuated by the civil population, has been placed under American protection, says a Reuter dispatch from Petrograd. The correspondent adds that women are replacing the sailors on Volga river steamers.

Former Secretary of the Navy Tracy Dead

General Benjamin F. Tracy, one of the organizers of the Republican party and secretary of the navy in the cabinet of President Harrison from 1889 to 1893, died yesterday at his home in New York City. He was injured in an automobile accident May 30, which, it is believed brought on a stroke of paralysis.

General Tracy was born in 1830. He served through the Civil War and was breveted a brigadier general. Prior to that he had helped organize the Republican Party in New York State. He has always been one of its staunchest adherents.

GEN. B. F. TRACY IS DEAD AT AGE OF 85

Former Secretary of Navy and Prominent Statesman.

SIXTY YEARS IN PUBLIC

He Was Known as "the Father of the Fighting Navy," Through His Efforts the Modern Navy Being Established.

New York, Aug. 6.—General Benjamin F. Tracy, who was President Harrison's Secretary of the Navy, died of paralysis here today in his 85th year after a period of unconsciousness lasting nine days. His death, which occurred late this afternoon, followed a fight for life that had amazed the physician at his bedside. Only his extraordinary vitality had kept him alive for the better part of the past week.

Three years ago General Tracy sustained a shock of paralysis but rallied from it after a few weeks and was able to resume his law practice. He was badly shaken up in an automobile accident last Decoration day, but from this, too, he speedily recovered. The illness which resulted in his death was induced, it was believed, by worry incident to his havng been detained a long while on a railroad journey from Ithaca, N. Y., to this city, because of a heavy rainstorm and several washouts.

For years General Tracy had adopted his habits to a schedule of almost clock-like precision and regularity. To this, it was believed, he owed the vitality which enabled him to resist his ailment for so unusually long a time for a man of his age.

Sketch of His Life.

Gen. Benjamin Franklin Tracy, lawyer, soldier, jurist and statesman, stood prominent in the public eye for more than 60 years. At the age of 83, he argued a case before the Supreme Court of New York with brilliance undimmed by years.

"Some people have called me 'the father of the fighting navy'," he had said recently. "I won't deny it. I believe I am. I tried to take the Navy Department out of politics and I believe I succeeded."

He referred to the days when he served as Secretary of the Navy under President Benjamin Harrison.

"At that time," said Gen. Tracy, "the cruiser Baltimore was the largest and strongest ship we had, and she was only a protected cruiser. I saw the necessity of building ships which could fight if they had to."

"What's the use of building a ship that can't run away from a ship it can't whip?" demanded the Secretary in his appeals. The phrase has become historic.

He won the public. As a consequence there appeared three new types of naval vessels: the armored cruiser, the armored battleship, and the scout cruiser. He also replaced all-steel armor with the present-day nickel-steel. This aroused England and literally "stripped the armor from the British navy." All naval powers were compelled to adopt the new method of protection.

Gen. Tracy led a versatile and brilliant career. Born in Oswego, N. Y., in 1830, he was a play and schoolmate of Senator Thomas Platt. He was admitted to the bar at the age of 21. When 23, he was elected district attorney of Tioga county.

He helped Horace Greely organize the Republican party in New York State

TO PAVE WAY FOR AMERICAN GOODS

WASHINGTON, D. C. Library of Congress

Flying Squad Will Investigate World Markets.

OUTLINE OF EUROPE

Plan of Dr. Pratt Is to Secure for This Country's Products the Foreign Markets Heretofore Dominated By Europe

Washington, Aug 6.—A flying squad of government commercial scouts will pave the way for American invasion for world markets heretofore dominated by Europe. Under plans effected today, by Dr. E. E. Pratt, chief of the Bureau of Foreign and Domestic Commerce agents will be sent to South America, Africa, Australia and the Far East, covering practically the whole world except the European war area, their reports to be submitted to American manufacturers.

Juan Homs and Frank H. Von Motz will make a world-wide investigation of the market for agricultural implements. The investigation will take nearly a year.

Special agents also will be sent to study the furniture and wearing apparel markets in Latin-America, supplementing work now in progress in the Far East.

Special Agent Walter Fischer, investigating the fruit markets in South America, now is touring fruit districts of the United States to determine the possibilities of export trade.

Special Agent R. M. Odell is in China studying the cotton goods market, with particular reference to Japanese competition, while H. F. Smith is preparing a world review of lumber industry.

In the last fiscal year the Commerce Bureau has handled nearly 6,000 trade opportunities which resulted directly in exports of about $125,000,000 when compared to manufactures.

NEW YORK PROGRESSIVES PLEDGE FEALTY TO PARTY

George W. Perkins Principal Speaker —Resolutions Adopted.

Albany, N. Y., Aug. 6.—George W. Perkins and 28 other Progressives from various parts of the state at a closed meeting here today adopted resolutions pledging unswerving fealty to their party and urging any voters who are dissatisfied with conditions in other parties to come into the Progressive camp.

Mr. Perkins in an address insisted that the United States should prepare for peace by changing the tariff and also prepare for war. If the war were to stop now, he insisted, Europe would flood this country with the products of cheap labor and great business depression would follow. The Progressive party, he concluded, is the only one that offers a plan looking to preparing this country to fight the battles of the industrial marts in case of peace, or the battles of guns and men in case of war.

A dozen others also spoke. Their remarks, especially those touching on Colonel Roosevelt and the future of the Progressive party, were greetrd with applause.

Queenstown, Aug 6.—The British steamship Midland Queen 1,933 tons gross, which sailed from Sydney, C. B., July 21 for Glasgow, was sunk on Tuesday last. The crew of 22 and the chief officer's wife and child were rescued after being seventy-two hours in open boats.

TWO ALLEGED MEXICAN BANDITS ARE ARRESTED

Rai'ded Texas Town and Killed Two Americans.

Precautions Taken Against Violence —Outlawry Near Texas Border Has Been Common For Several Weeks

Brownsville, Texas, Aug 6.—Two arrests were made tonight by United States customs river guards in connection with the killing today by alleged Mexican bandits of Al Austin and his son, Charles, at Sebastain, a village 37 miles north of Brownsville.

The names of the two men, who were taken into custody near Sebastain are not known here. They are placed in jail at San Benito, Texas, it is reported and a heavy guard placed around them because of fear of violence.

Adjutant General Henry Hutchins, of Texas, visited Sebastian late today and personally investigated there and will, it is said, recommended to Governor Ferguson that a sufficient force of Texas national guard be sent to Cameron county to afford protection against the outlaws.

A young American named Millard who witnessed the killing of Austin and his son, has furnished the officials of Cameron county with information, it is said, leading them to believe that Mexican residents on the Texas side of the Rio Grande are at least partly responsible for recent acts of outlawry charged to raiders from the Mexican side.

WILL HELP RELIEVE PROBLEM OF LABOR

Conference on Employment Comes to Close.

NAMES ADVISORY BOARD

Twelve Representative Men Will Seek to Bring Closer Together the Employed, Unemployed and the Employer.

San Francisco, Aug. 6.—An advisory board of twelve ,representing equally the Federal, state and municipal governments of the country, to bring about closer co-operation between the three branches in dealing with problems of employment and unemployment, was named today at the closing session of the United States Department of Labor conference on employment.

Secretary of Labor Wilson, chairman of the conference, in his concluding remarks said the meeting had accomplished considerable good and that he felt the co-operation toward which it aimed would do much to alleviate the evils from which the laborer suffers.

The need of public labor exchanges, he said, might never have been realized had it not been for the abuses of the private exchanges, among which he named the furnishing of strike breakers and wage breakers. The chances of any abuse creeping into publicly controlled exchanges, he felt would be negligible, since the source of power was the working people themselves.

As a possible solution of "the landless man and manless land problems," Secretary Wilson suggested, creating a "rotary fund," from the $10,000,000 which the Federal government gets annually from the immigration head tax.

This, he said, was never intended as a source of income to the government but as a protection to the immigrant himself and he thought it might be well used to get him established on the land. The money could be paid back and used in helping other immigrants, he suggested.

CAPTAIN DAVENNY PLEASED WITH NEUSE RIVER PROJECT

Thinks Channel Should be Opened Between Newbern and Goldsboro

(Special Star Telegram)

Goldsboro, N. C., Aug 6.—Capt. Wilson I. Davenny, field secretary of the National Rivers and Harbors Congress, was a visitor here today and congratulated Congressman Geo. E. Hood, of this city, upon his efforts to restore Neuse river to usefulness as a channel for commerce.

"I am very glad indeed", said Captain Davenny, "to know that active steps are being taken to restore the Neuse to usefulness as a channel for commerce. It is not easy to over estimate the benefits that would accrue to Eastern Carolina from the practical revival of river navigation between this city and Newbern. The time was when it was the only avenue of commerce and no spirit of antagonism to other means of transportation may be fairly implied in the effort to again make use of this primitive God-given route for trade and commerce. Having initiated this movement, it is only the rational thing to persist until the end is achieved."

CREW ON THE STEAMER LIEBENFELS RESTLESS

Police Guard Interned German Vessel at Charleston.

Captain Complained of Threat Against Him and Officers—Arrangements to Return East Indians to Calcutta.

Charleston, S. C., Aug. 6.—Police today guarded the German steamship Liebenfels, which has been here since the European war began, as the result of a threatened munity last night of the Larcar crew of 52. Captain Klattenhoff asked the aid of the local police after the East Indians, he said, had threatened violence to him and his officers. A squad of policemen was rushed to the Liebenfels and soon had the men under control.

The men, who shipped on the Liebenfels at Calcutta, have grown restless under their long confinement. Recently they notified the British consular representative here that they would not stay aboard the Liebenfels any longer. They also made a demand upon the United States immigration officials that they either be allowed to land or be sent back to Calcutta.

Arrangements for sending the crew back to Calcutta are being made. The British government, it is said, will pay their passage.

GERMANS SEIZE TWO AMERICAN STEAMERS

Malmo, Sweden, Aug. 6 (via London, 10:05 p. m.)—The American steamers Llama and Wico, bound from America to Stockholm, laden with petroleum, been seized by the Germans and have been seized by the Germans and taken into Swinemuende. The Llama was released on August 4, and the Wico on the following day.

AMERICAN PACKERS RENEW PROTESTS

Ask Representations in Reply to British Notes.

TO STOP MEAT HOLD-UP

Call Attention to Five Ships Loaded With Meat Products for Neutral Countries Held For British Prize Court

Washington, Aug 6.—Representatives of American packers renewed their protests to the State Department today against British interference with their trade with neutral European countries. They asked that representations be made in the forthcoming rejoinder to recent British notes, which would establish and maintain their right to engage in this business.

Arthur Meeker, of the Armour Company, and Henry Veeder, of Swift & Company, presented the protest to Chandler Anderson, special counsellor at the department, calling attention again to the five ships loaded with American meat products enroute to neutral countries but held for English prize court action. They declared the packers' European trade had been paralyized by the British interference and that added injury had been done by the suspension of cable orders, destroying their trade with Holland.

Their shipments were made to their regular European agents for distribution, they declared, and it was impossible to comply with the British requirement that specific consignees be named for each order.

The protest will be considered in the preparation of the American reply to the British notes.

FOR FEEDING CIVILIANS

French Chamber Passes Bill Appropriating 120,000,000 Francs.

Paris, Aug. 6—(7:45 p. m.)—The Chamber of Deputies today passed a bill carrying an appropriation of 120,000,000 francs ($24,000,000) to be used in the purchase of wheat and flour for feeding the civil population. The limit of such purchase is fixed at 209,000,000 francs.

The Secretary of War Jose Thiery, who is called "minister of supplies," speaking in favor of the bill, frankly admitted that there had been waste and disorganization in purchasing army supplies, but he assured the Chamber that reorganization was well under way.

An attempt by the Socialists to inject a rider, creating a government monopoly of grain, was defeated by a vote of 364 to 138.

LONDON PAPER GIVES WARNING

Says Russians Fell Back From Warsaw Because It Was Necessary

London, Aug 7.—The Morning Post in an editorial on the Russian situation says:

"We would warn the country that the situation is serious. Whatever professional apologists may say, it is certain that Russia has not fallen back from Warsaw for any other reason than the urgent dictates of necessity.

"The cause of the entente powers at present is on knife-edge. There is no assurance anywhere save only in that faith which presses forward through dangers without looking to the right hand or the left."

FLOOD SUFFERERS TO BE GIVEN NEW START

Erie Citizens Raising Relief Fund for Unfortunates.

Total of 29 Bodies Have Been Recovered, and it Is Believed Many Were Washed Out Into the Bay—Little Looting

Erie, Pa. Aug 6.—With every property owner and tenant in the flooded district and hundreds of volunteer workers and paid employees of the city clearing away the debris along the path of Tuesday's disaster, the ruins are now being pulled apart and a real start has been made towards clearing this up. About $20,000 has been raised by the citizens to meet the first expense. On Monday a committee of a hundred business men will begin a canvass of the city to raise a huge fund from which those who have lost their all in the disaster, will be given a new start in life.

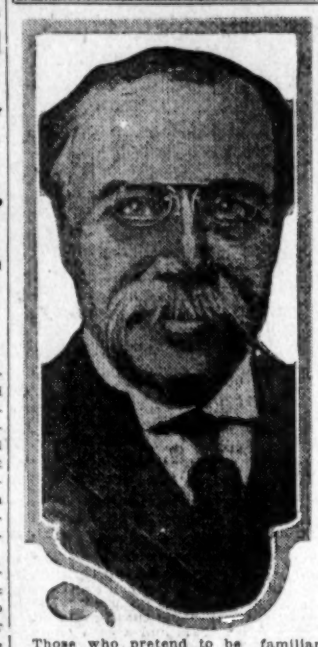
The State health authorities are getting in their work and while hundreds of decomposing bodies are still in the ruins—animals from slaughter houses and humans—the health officers say tonight that they believe an epidemic will be averted.

There was little looting today and few arrests were made in the flood zone, compared with yesterday and the day previous.

Three bodies were recovered today and all were identified. This brings the number of known dead up to 29, while many others unaccounted for. The general opinion is that many bodies were washed out into the bay and may never be recovered.

Tons of clothing was collected by the women today and tonight is being distributed to the sufferers.

Manuel Vasquez Tagle for Mexican President



Those who pretend to be familiar with the purpose of the administration at Washington in connection with the situation in Mexico insist it has chosen Manuel Vasquez Tagle, minister of justice in the cabinet of the dead Madero, to be president. It is declared in the capital that this is the purpose of the meeting of the ambassadors from six South American nations with Secretary of State Lansing.

ALL HAITIEN POSTS HELD BY AMERICANS

Office of Port, Palace and Gunboat Are Taken.

ONE NATIVE IS KILLED

Americans Opened Fire in Movement to Capture Office of Port—Populace in Consternation Over Operations.

Port Au Prince, Haiti, Aug. 6.—American naval forces today took possession of the office of the port, the national palace, and the Haitien gunboat Pacifique, which arrived in Port Au Prince this morning. During the movement to take the office of the port, the Americans opened fire on the Haitiens and one Haitien was killed.

The occupation of the office of the port and the national palace gave the Americans the last positions held by the Haitiens. The populace has been thrown into consternation by the operation of the Americans.

The President of the senate, in the name of the pation, today cabled Solon Menos, Haitien minister to the United States, a new protest against the occupation of Haitien territory by the American naval forces.

The American authorities have notified the diplomatic body and the consular agents that Col. Eli K. Cole, United States marine corps and commander of the American expeditionary forces, is entrusted with the maintenance of order and the safeguarding of life and property.

Connecticut Lands Forces.

Cape Haitien, Haiti, Aug 6.—The American battleship Connecticut has arrived here from Port Au Prince and has landed men. The American authorities have taken over control of Cape Haitien. American marines are disarming the people of the city and the forces of the revolution have received orders not to enter the city limits.

ADDITIONAL MARINES ORDERED

Upon Their Arrival Admiral Caperton Will Have Force of 1,900 Men.

Washington, Aug. 6.—An additional regiment of marines was ordered to Haiti today to reinforce Rear Admiral Caperton's men now maintaining order in Cape Haitien and Port Au Prince. They will sail from Philadelphia next week on the cruiser Tennessee, and Col. L. W. Waller, U. S. M. C., commanding the advance base marine detachment, will be placed in charge of operations ashore in Haiti under the direction of Admiral Caperton. He will have available in all 1,900 men, 79, machine guns and four 3-4 inch navy field pieces.

The following announcement was made today at the Navy Department:

"In order that the duty of the men may not prove too trying under tropical conditions, it has been decided to send an additional force of 850 marines fro mPhiladelphia. This force will embark on the U. S. S. Tennessee Monday or Tuesday and sail immediately for Haiti."

Trilby, Fla., Aug. 6.—A mob attacked the jail at Dade City late last night, overpowered the jailer, got Will Leach, a negro, brought him here and hanged him in front of the railway station. He was charged with attacking a 13 year old white girl here June 30.

New York, Aug. 6.—Battling Levinsky, the local heavyweight, and Colin Bell, of Australia, fought ten fast rounds to a draw in their bout at Far Rockaway tonight.

ALL PARTICIPANTS IN HARMONY WITH PRESIDENT'S PLAN

Pan-American Conference on Mexico to Continue in New York.

COURSE IS UNDECIDED

Big Questions Internationally Will Require Much Deliberation.

Washington, Aug 6.—The Pan-American conference considering means to restore peace to Mexico adjourned today after having developed no divergence of opinion as to its general purposes, but leaving undecided the exact course to be pursued. It will reassemble in New York possibly early next week.

Meanwhile the Latin-American diplomats will communicate with their governments and Secretary Lansing will confer with President Wilson.

Two days of conferences and hearing reports have brought all the participants in accord with President Wilsons' general plan which is promised on the fact that the great majority of the people of Mexico desire peace. The conferences were impressed that while the armed forces are in position to keep the country in a state of turmoil, they are, nevertheless, only a small proportion of the people of Mexico.

While all the participants have signified their willingness to co-operate with the President's plan to induce the military factions to enter another peace conference, the South Americans are not sanguine of success unless some way can be found for the elimination of the military leaders and the recognition of all classes in Mexico.

Questions of Vast Moment

It is realized that there are questions of vast moment, when considered in the light of Mexico's international obligations and the responsibilities of the nations which are preparing to sponser her rehabilitation, that cannot be determined in any brief conferences, but must be the subject of deliberation.

Foremost is the extent to which the claims of the military chiefs shall be considered, and what concessions between them can be arranged. One development which emphasized that feature was the dispatch tonight of Major General Scott, chief of staff of the army, to the Mexican border to confer with General Villa.

Conference With Gen. Scott

The War Department refused to comment on General Scott's mission. After a conference between General Scott and Secretary Lansing and Acting Secretary Breckenridge of the War Department, it was said the General was going to readjust the American forces in the light of recent developments which have threatened attacks on border towns. It was generally believed, however, that General Scott, in whom General Villa has expressed confidence and to whom he often has turned for advice will outline to the nation's chieftian the need of consideration of the other factions. This was taken to indicate that some of the conferees were impressed that the military successes and their extent of territory conquered by General Carranza would entitle him to a greater measure of consideration than General Villa has been inclined to admit.

Must Consider "Cientificoes"

Another point is that the extent of the business and industrial element, sometimes called the "Cientificoes", must be taken into consideration. It is being urged in their behalf that most of them have not been identified with any military activity. A preliminary conference at the Argentine embassy, which was attended by Eduardo Irtubide, former governor of the federal district of Mexico City, and generally accredited a representative of the upper class of Mexico, indicated that this view was given weight especially by the three Ambassadors of the A. B. C., powers, who dealt with this subject at the Niagara Falls conference last summer.

No official announcement was made of the proceedings today and the participants declined to discuss details of their deliberations. Some, however, had no hesitancy in saying that there had been progress and that they liked the general plan of the American government.

Conference to New York

In the conference today were Secretary Lansing, Paul Fuller, President Wilson's unofficial adviser in Mexican affairs, and the diplomatic representatives of Argentina, Brazil, Chile, Bolivia, Uruguay and Guatemala. At the conclusion of a session lasting three hours, Secretary Lansing said there was nothing to be announced except that the conference would be continued in New York. He will notify the diplomats when he is ready to resume. New York, he said, was selected for the convenience of the diplomats, many of whom have summer places near there.

There was no change in the first step to send final representations to the military leaders, and to General Carranza in particular, demanding for the sake of the millions of non-combatants, that they form a new government that can be recognized and supported by the American nations and the world.

An alternative proposes the selection of a strong man for President whom a majority of the people would support. One who has not been engaged in the civil warfare would be insisted upon.

USED MAILS TO SELL COTTON SCHEME STOCK

Cotton Growers Society "Fraudulently" Promoted

Philip Wadsworth Arrested in New York Brokerage Office—Charter For "$50,000,000" Organization Falsely Obtained

New York, Aug. 6—Philip Wadsworth of Texas City, Texas, was arrested at a brokerage office here today charged with using the mails in a scheme in which he in April, 1912, promoted the sale of the stock of The Cotton Growers' Cooperative Society of Alabama, a $50,000,000 corporation.

Wadsworth was arraigned before a United States commissioner and held in $2,500 for a hearing on August 26. He was arrested on an indictment returned by a federal grand jury at Atlanta Ga.

The general offices of the cotton growers society were in Atlanta. The indictment against Wadsworth charges that the charter was fraudulently obtained; that no part of the capital stock was subscribed for at the time the application was made and that it never was intended to have a capital stock of $50,000,000. It further alleges that letters mailed at Atlanta by Wadsworth, who is said to have controlled the society, were intended to defraud W. J. Speights, of Buckaman, Ga., W. B. Lovlet of Luthersville, Ga.; H. A. Childs, of Butler, Ga; J. H. Mizie, of Buchanan, and others.

The indictment further charges that in the promotion and sale of the stock of the society, Wadsworth falsely represented the corporation was in good faith offering valuable stock, that it was a bona fide corporation and was formed for the public of creating a system for the marketing of American cotton crop so as to obtain for a grower a reasonable price for the cotton produced by a plan of cooperation. It is charged that the literature sent through the mails stated that there was to be a bond issue of $200,000,000 and that the total reserve was $250,000,000.

The plans of the siciety, it is alleged, also called for the appointment of superintendents and other officials in various parts of the cotton belt. Wadsworth is said to have represented to the cotton growers that they were "easy marks for the manipulators who were robbing them to the extent of $120,000,000 a year."

Co-operation was the weapon, it was claimed, Wadsworth told the growers, by which they could take a commanding position in the market before next Christmas. Wadsworth also is said to have told the growers that representatives in the cotton belt were collecting cotton sufficient to assure a market price of 15 cents a pound.

SUICIDING CASHIER LOVED PRESIDENT OF THE BANK

J. Will Miller Left Note Written Four Days Before His Death.

(Special Star Correspondence.)

Newbern, North Carolina, August 6.—That J. Will Miller, cashier of the Bank of Oriental, who committed suicide two weeks ago, contemplated taking his life four days before committing the act, was made certain yesterday with the finding of a note in his private papers which was addressed to his wife and which told of his love for her and his two children and urged her to take care of them. The note left by the suicide was as follows:

"Thursday, 4 P. M.

"Sweetheart:—Please forgive me and take care of the babies for I love you all so much. "DADDY.

"P. S.—Am sorry to bring you and my people this trouble. Love Mr. Roberts as I have and Do."

This note was found by a brother of W. J. Swann, the receiver of the bank, and was at once turned over to Mrs. Miller who gave permission to the press to use it. The "Mr. Roberts" referred to is George H. Roberts, of this city, who is the president of the bank and who took a fatherly interest in the dead cashier.

Mr. Swann stated last night that he was rapidly getting the affairs of the bank in shape and would have this work completed within the course of a few weeks. He further stated that the shortage in Miller's accounts would be made good by his bond of $10,000 and intimated that the stockholders would lose nothing.

REVIEW OF BUSINESS SITUATION

Revival of General Business Activity Unchecked—Fewer Losses.

New York, Aug. 6.—Dun's review tomorrow will say:

"Commercial progress would be more uniform were it not for the vagaries of the weather, especially in the east. Apart from these handicaps, developments continue mainly on the constructive side. Rarely have fundamental conditions been as sound as it is at present and this fact leads to the conviction that nothing is likely to permanently check the revival of general business activity. New measures of trade improvement and expansion are afforded by the monthly statistics, and notable among these are the failure figures, which, instead of showing the customary July increase in number, disclose fewer losses than in June. Turning to the iron and steel situation, it is seen that the output of pig iron has risen to the highest point in fully two years. So urgent have the demands for steel products become that the mills in some instances are behind in deliveries and quotations are steadily advancing. Progress in manufacturing elsewhere has not set the same pace; most shoe factories are running close to capacity and there has been a noticable revival of operations in the woolen industry, but the largest plants turning out blue denims have shut down for an indefinite period because of the shortage of dyestuffs. Labor conditions are improving by the adjustment of difficulties in the clothing trade, although troubles continue in some other lines.

Pittsburgh, Aug 6.—Pittsburgh lost to Philadelphia today, 5 to 4, McQuillen was hit freely and had to give way to Kantlhner. The home team failed to get a hit until the sixth inning, when two singles and a base on balls resulted in two runs. In the ninth the locals rallied and had two runs in and one needed to tie when Mayer relieved Demaree and stopped further scoring.

GIANTS MEET THE Y. M. C. A. THIS AFTERNOON AT SUNSET

Prettiest Game of Season Expected Today at Sunset Park.

In what is expected to be the best game of the season the Giants and Y. M. C. A. will work hard to defeat each other at Sunset Park this afternoon, this being the game which will decide whether or not the Y. M. C. A. boys will be able to stay at the top of the League.

The Giants expect to put up some hard work and expert playing as they are particularly anxious to stay at the top. The Y. M. C. A. team is now leading the league by one game over the Giants.

On account of the W. L. I. being in camp at Fort Carwell theer will be no game between them and the Boys' Brigade.

Shepard, the Y. M. C. A. star pitcher, intends to be there with the goods while Register expects to do some good work for the Giants with A-No. 1 pitching.

Ladies accompanied by a gentleman will be admitted to the game this afternoon free.

THREE EVENTS RUN OFF IN KALAMAZOO RACES YESTERDAY

Kalamazoo, Mich., Aug. 6.—Although the track was muddy from the rains which had caused three postponements of the grand circuit races here this week, three events weer run off this afternoon. One of these, the three-year-iold trot, was easy for Colorado Range, who won a similar race in Detroit last week, but the other two were well contested, the winners finishing in a close drive in a majority of the heats.

Lattie Lee proved a disappointment in the 2:11 trot and never was better than third. Sadie S finishing sixth in the first heat, came strong and took the next three.

MANAGER JENNINGS HAS MADE OFFER FOR ST. LOUIS PITCHER

Philadelphia, Aug. 6.—Manager Jennings of the Detroit Americans, it was learned today, has made an offer to Manager Rickey, of the St. Louis Americans for either Pitcher James or Pitcher Hamilton.

Jennings is also after Ayres of the Washington club and expects to make an offer for him when he reaches the National Capital Saturday night.

Pittsburgh, Pa.(, Aug. 6.—The temporary injunction granted Tuesday restraining the Pittsburgh Federal League baseball club from either playing or employing Sanford Burk, the pitcher who jumped from the Indianapolis Association team to the local club, was continued until next Thursday when the case comes up before Judge Ambross B. Reed in common pleas court here.

THEATRICAL

"The Wierd Nemesis," featuring today's big week-end bill at the Bijou has been accorded a wonderful reception wherever it has been shown, and voted one of the greatest stories ever crammed into two reels of film. It features those peerless stars of filmdom, Alan Forrest and Hazel Buckham, two of Universal's youngest and brightest stars, both handsome and dashing, with a special gift for just such roles as they appear in in this picture. It's a production full of thrilling and unexpected turns all the way through, with a wierd, hair-raising theme that will keep your undivided attention focused on the screen every minute of the half hour that it runs.

Harry Gribbon, the rubber-faced L-Ko scream, will be seen in a great laugh number, "The Curse of a Name," a production that is one of the best L-Ko comedies made yet, in one reel, and he is supported by a strong cast of the L-Ko comedians.

"For His Superior's Honor" is a great single reel Laemmle dramatic feature that will be found thoroughly satisfying, an interesting story, told as only Universal stars can tell it.

Good Comedy Programme—Grand

The Grand brings to a close today the greatest week of pictures ever offered at any one theatre in Wilmington since the origin of motion pictures. This was promised at the beginning of the week and, true to their word, the Grand management has kept their promise.

Today, the programme is headed by a two-reel Kalem, "The Accomplice." It is a bold game which Meecham and his accomplice, Ritchie, play. Knowing that Harris, an old millionaire, is trying to find his son ,whom he has not seen since the latter was an infant. Meecham palms himself off as the missing son and thus obtains control of the old man's fortune. At this point, Lila, a special investigator, takes a hand in the game and the outcome is of intense interest, Marin Sais, the popular leading lady, enacts the role of Lila.

"Dreamy Dud" and Wag, his ever faithful dog, who are always looking for trouble. This time Dud gets his when he tackles father's pipe, and then he puffs and blows until he is carried away into the clouds. He is next seen hanging on the corner of the moon. Wallace A. Carlson, the noted cartoonist, is responsible for this one-reel "Dreamy Dud" picture which he himself considers his best effort. The children will scream with delight when they see this picture, and the older folks will laugh unti they weep.

"Bertie's Strategem," a Vitagraph one-reel comedy, with Billy Quirk and Constance Talmadge, is a sure fire scream from start to finish. It is all about a young man fresh from college in love with a pretty girl, with a wealthy rival and an irascible old gentleman for a would-be father-in-law.

Monday: David Belasco presents "The Rose of the Rancho," another great Paramount picture.

McLOUGHLIN WON TENNIS CHALLENGE FROM WILLIAMS

Boston, Aug. 6.—Maurice E. McLoughlin, of San Francisco, today defeated R. Norris Williams 2nd, of this city, the national lawn tennis champion, in the challenge match of the Longwood singles, the oldest tennis tournament under club auspices in the United States. The score was 6-2, 6-3, 2-6, 6-2.

Except in one set, McLoughlin was master of nearly every situation. Williams' method of procedure at the outset was to rush his opponent to such an extent that the Californian would be unable to get opportunity but the latters' defense was so tight that Williams soon had to fall back on his own defense.

Corporations Keeping Commission Busy With Protests

Raleigh Rotarians Completing Arrangements to Entertain Visitors —Hyde County Grain Growers' Ass'n. Organized.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 6.—The Corporation Commission had an especially busy session today with hearings on tax assessments for the officials of a number of the railroads and other corporations on the question of the reduction of the increased tax valuations that the commission has seen fit to levy against them. President Henry E. Fries was here for the Winston-Salem Southbound railroad; J. W. Pless, of Marion, for the Carolina, Clinchfield and Ohio; Auditor Varden for the Norfolk & Western; A. W. McLean, of Lumberton, for the Virginia & Carolina Southern.

Also, the commission heard representations by President Charles E. Johnson, Attorney James H. Pou and others for the Carolina Power & Light Co., which ranks with the Southern Power Co as among the biggest electric power, light and railway companies doing business in the State.

The Raleigh Rotarians are making the most complete arrangements for the entertainment of the Rotarians from Wilmington, Norfolk and Richmond Augus 10, when they will be the guests of the local club. There will be a Rotary breakfast at Yarborough Hotel served in true Rotarian style. Thereafter, as many automobiles as necessary will be assembled at the hotel to take the Rotarians to the State House for the joint meeting to consider Rotarian co-operation and other matters pertaining to the mutual interests of the three cities. This meeting will be of the snappiest, spiciest and most gingery sort.

From this meeting the Rotarians will proceed in automobiles to the Carolina League ball game. Those not inclined to baseball as much as to individual games of golf or tennis will go to the Raleigh Country club, for golf and tennis. Then that night there will be a brilliant dinner and dance at the Raleigh Country Club.

Grain Growers Association.

The Hyde County Grain Growers' Association, was chartered today with home office at Swan Quarter. The purposes specified in the charter are to arrange for additional markets for grain and any and all other farm products, obtain the best possible prices for the growers, strive for better facilities, safety and expedition of delivery, provide ratings for buyers, assure speedy collections, arrange for warehousing facilities, bring about better grading of products and most attractive preparation for shipments.

Health Exhibit at Fairs.

Final arrangements have just been made whereby the entire public health exhibit of the State Board of Health will make the rounds of the various fairs in the Central Carolina Fair Circuit. The exhibit will be in charge of a competent demonstrator who will be assisted at the various towns by local health officers, nurses, physicians and representatives of women's clubs.

The exhibit will start with the Durham fair the week of September 21, then to Salisbury the week of September 28, to Winston-Salem the week of October 5, to Greensboro the week of October 12, to the State fair at Raleigh the week of October 18 and finish the circuit at Charlotte, October 26.

It is possible that the exhibit will then go to two or three fairs in the eastern part of the State after the Charlotte fair.

Annual Meeting of Stockholders Held at Morehead City.

(Special Star Correspondence.)

Morehead City, N. C., Aug. 6.—The annual meeting of the stockholders of the Atlantic & North Carolina Railway Company, which was held at Morehead City, yesterday, was one of the most largely attended ever held.

J. H. Bell, of Pollocksville, announced the appointment of the following directors for the State: C. S. Weskett, Pamlico; G. D. Canfield, Carteret; T. G. Hyman, Craven; T. A. Uzzell, Craven; K. E. Sutton, Lenoir; Frank Gough, Robeson; R. A. Nunn, Craven, and J. F. Sprague, of Wake.

The following were selected as directors by the private stockholders: Dempsey Wood, Lenoir; L. H. Cutler, Craven; J. F. Polk, Wake; E. C. Duncan, Carteret.

The finance committee chosen was as follows: George Green, of Craven; R. G. Hodges, of Lenoir, and G. H. Robers, of Craven.

The proxy committee selected was as follows: C. D. Bradham, Craven; D. Oettinger, Lenoir; A. L. Baker, Wake; J. M. Allen, Wayne; P. M. Pearsall, Craven.

G. D. Canfield, of Carteret county, was selected president of the road for the ensuing year, and T. W. Slocumb, of Wayne county, was chosen as secretary and treasurer. The next meeting will be held on Thursday following the first Monday in August, 1916.

W. C. CROSBY SPEAKS.

Delivers Principal Address at Educational Rally at Vanceboro.

(Special Star Correspondence.)

Newbern, N. C., Aug. 6.—Three thousand people from all parts of Craven and adjoining counties yesterday attended the picnic and educational rally which was held at Vanceboro. The principal event of the day was an address by W. C. Crosby, educational secretary of the Farmers' Union of North Carolina. Mr. Crosby spoke for more than an hour and his address made a profound impression and was heard with interest by all. Among the other speakers of the day were Hon. S. M. Brinson and Senator A. D. Ward, of Newbern.

Wadesboro, August 5.—In the communication referring to the investigation of conditions at the Wadesboro Silk Mill, it was erroneously stated that it had been alleged that the conditions there had caused much typhoid fever. The charge published and referred to the State board was that many cases of tuberculosis had eminated from conditions there.

Will Settle the Fate of Mexico.

Eduardo Saures, Minister From Chili. Don Domico de Gama, Ambassador From Brazil.

Don Rebulo de Naon, Minister From Argentina. Robert Lansing, Secretary of State.

Robert Lansing, Secretary of State, called a meeting of the three ministers to the United States from the principal South American countries, and the three ranking ministers from Central and South America to a conference for Thursday, August 5, on the Mexican situation. It was freely predicted that the administration, having abandoned its policy of "watchful waiting," intends to compel peace in Mexico. The purpose of the meeting was said to be to convince the South Americans that the United States did not intend conquest of Mexico in whatever forcible measures it took.

DUPLIN VETERANS REUNION

Judge Nicholson, of Georgia, Orator of Day at Kenansville—Large Crowd in Attendance.

(Special Star Correspondence.)

Warsaw, N. C., Aug. 6.—The annual reunion of Duplin county Veterans was held in Kenansville Thursday. This event is looked on as a 'home coming day' for the sons of Duplin who have moved away, and who return each year to the reunion. Judge Bascom Nicholson, of Rochelle, Ga., a native of Duplin county, was the orator of the day.

He was introduced by Judge Will Allen, of Goldsboro, whose few remarks of introduction were gracefully rendered, and enjoyed by all. Judge Nicholson then addressed the veterans and others who composed the large audience, with a strong and interesting speech, recalling reminescences of the troublous years of the War Between the States.

A delicious luncheon was served to the veterans and their friends by the local chapter, U. D. C.

A very enjoyable feature of the occasion was the play, "The Old Maids' Convention," given by the Daughters of the Confederacy for the benefit of their chapter. The roles were capably filled, and much amusement furnished to the large, appreciative audience, as well as a neat sum realized for the object for which the play was given.

STILL TRYING TO SHOW GERMANY WAS PEACEFUL

Berlin Paper Publishes More Belgian "Secrets."

Berlin, Aug 5 (by Wireless to Tuckerton).—The Norddeutsche Allgemeine Zeitung, according to the Oerseas News Agency, continues the publication of documents purporting to be secret Belgian diplomatic reports found in Brussels by the Germans, covering the period between 1905 and 1914. These documents are being made public for the purpose of showing that Germany maintained a peaceful attitude from the time of the Moroccan crisis until the beginning of the present war.

The Belgian minister at Berlin is quoted as representing to his government that on December 31, 1905, "The German Emperors' highest ambition is to maintain peace during the whole of his reign."

The Belgian minister at London under date of January 14, 1906, as quoted, insisted that England was ready to assist France even in case of war during the Moroccan crisis, which was then acute.

Commenting on King Edward's meeting with M. Delcasse, who was then a private citizen, the Belgian minister at Paris, on March 6, 1906, wrote:

"It is natural that the English King wanted to give special marks of sympathy to a minister whoh ad shown himself so desirous to share England's views."

The Belgian ambassador at Berlin on April 5, 1906, wrote as follows:

"The English press did everything to obstruct the results of the Algecris conference and was more irreconcilable than the French. These papers never cease to discuss German plans of aggression which do not exist."

Another excerpt from a diplomatic document is quoted by the Norddeutsche Allgemeine Zeitung, that written by the Belgian minister at London under date of March 18, 1907—"the whole force of English diplomacy is for Germany's isolation."

On March 28, 1907, the minister at Berlin reported:

"French arrogance is now over the worst days of the Second Empire. * * * This arrogance has increased one degree since the negotiations between London and St. Petersburg."

The Belgian minister at Berlin is quoted as writing under date of April 8, 1907, that "France is not expected to keep her engagement" with regard to the Algecris conference, and further on in his report, "every time that France in the courte of history has felt strong enough, she ha stried to arrogate the hegmony of the world. This time the entente cordil with England gives her the necessary self-confidence."

Warsaw, N. C., Aug. 5.—There was a washout of the Atlantic Coast Line track a few miles south of Magnolia, Wednesday night. A few hours were required to repair the damage. No passenger trains were delayed, and only one freight train was delayed for a few hours.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, tak. Cardui. It will help you. At all druggists.

Enterprising Citizens Render Great Blessings To Our Towns-People

WILL MAKE FREE DISTRIBUTION OF MUNYON'S PAW-PAW PILLS.

Our leading druggists have just completed arrangements with Professor Munyon to get his medicines direct from the Laboratory, so that there is no possibility of receiving stale or imitation goods. Besides, they have secured from him an agreement whereby he will refund the money in every instance where the remedies no not do all that he claims for them, thus protecting the people against loss or imposition.

He is especially desirous that every rheumatic, no matter how chronic the case may be, gets a 25c. bottle of his Rheumatism Remedy. These little pellets as a rule limber up swollen and stiff joints and take away sharp, shooting pains before one vial has been finished. Munyon's Rheumatism Remedy has probably cured more cases of rheumatism than any other remedy ever compounded. They cure quickly because they neutralize the uric acid and drive out all rheumatic poisons from the system. He asks every person who considers their case incurable to test this remedy, and if they are not satisfied with results their money will be refunded.

He also calls special attention to Munyon's Paw-Paw Laxative Pills that are proving to be such a wonderful friend to the liver, stomach and nerves. Paw-Paw Pills are unlike any other laxative. They stimulate the ljver into activity, they strengthen weakened and debilitated stomachs, and they are almost an infallible cure for constipation. He wants every person that suffers with indigestion in any torm, and all those who are bilious, wnose food sours on their stomach, who are distressed after eating, who are nervous and don't sleep, who are weak and despondent, to test these Pills. In order that everybody may try them before buying, he has sent to each of the druggists 200 packages to be given away absolutely free. If you have anything the matter with your liver, stomach, nerves, or blood, step into any one of the drug stores named below and ask for a free package of Paw-Paw Pills. Remember that arrangements have been made whereby all of Munyon's Remedies are for sale at these stores, and that they are received fresh from the Laboratory with all their curative qualities.

The following stores are carrying Munyon's goods:

"For value received from my Loving Father, I promise to give to any of His children, on demand, a smile and full forgiveness."

You can't catch Grand Duke Nicholas in a trap—not if he sees the trap first.

The world seems to need this country as umpire. Who would act if we should get into war?

The man who marries a Mexican lady will run the risk of being wedded to the daughter of several revolutions.

The stockbroker named Swindle might inspire more confidence by having an alias for the name of his firm.

One reason why men run is that they desire to accompany their "goat" to a place of safety so nobody can get it.

You can depend upon good people to oppose a good thing when it is proposed by a man whom they have always opposed.

Probably Secretary Bryan resigned because he suspected that he would have to keep on writing notes till the end of the war.

The Russians left Warsaw, but left only a handful of the army. The Germans got Warsaw but they did not get what they were after.

We abuse some men for their mistakes and excuse others for mistakes equally glaring. It depends on whether or not they are friends or kinsmen of ours.

As fast as Uncle Sam sends a note, somebody reminds him of the various handy precedents which he set, but which others want to establish and lay it on him.

Colonel Roosevelt declares his intention of remaining a Progressive. We guess Mr. Perkins will stand by his old friend at Armageddon so he won't be lonesome.

The Jacksonville Times-Union philosopher says: "Look for the sunshine along life's pathway". Well, but would not a fellow look in vain for sunshine when he has a hard road to travel?

All nations ought to respect our rights, but when it comes to compelling them to do so, we have the right to decide whether we propose to begin right now or take our time about it.

According to a Washington statement, American travel to Europe decreased 195,385 during the last fiscal year. That many people know that no war zone is a fit place for people who seek pleasure and recreation. By their staying at home it is said that $150,000,000 was left in this country.

Gen. Hugh L. Scott, chief of staff of the United States Army, is America's military diplomat. It is a compliment to his ability as an arbiter that the Pan-American conference proposes to send him to Mexico to endeavor to negotiate a peace agreement between the various warriors of that country.

Who said cotton was not king? Charles Francis Adams said the Confederacy failed because she couldn't market her cotton and now England says Germany will fail if denied her share of our crop. Why not make the South neutral and let her name the winner of every war?—Jacksonville Times-Union.

In a sermon, a New York minister deplored beauty and declared that "it is an open question whether it is worth while to have beauty at all". He preached on "The Sin of Beauty" and expressed regret that there is such a thing as beauty. Of course, he was referring to feminine beauty, and right there is where that preacher can consider himself strictly in a class by himself. Beauty can call for recruits and array the whole world under its banner. No use talking, sah!

LET THE SOUTH BE TRUE TO ITSELF

First thing the South knows it will have to take counsel of itself concerning the necessity of saving itself from some of its friends.

In all this world disturbance the first duty of the South is to adapt itself to American sentiment as a whole and refuse to become obsessed of any sectional or selfish interest, affected one way or another by the deplorable war in Europe. Come what will, come what may, the South must be true to it self by adhering to its honest convictions, standing by its traditions and maintaining its standard of principle. The day that the South departs from conviction and principle, it will no longer be the South of lofty ideals and true manhood.

The South should take notice of the fact that some of its friends are suggesting to it to become mercenary and sordid in its sentiment and view, so far as the war and Southern interests are concerned. If the South has any respect for itself, and we are sure it is not only respectful of itself but proud of itself, it will resent some of the influences brought to bear upon it by some of its egregiously mistaken friends.

The South, for one reason or another, has well defined sentiments respecting the European belligerents engaged in the titanic war. That is as far as the South can afford to go in the face of the probability if not necessity for undivided American sentiment from the state of Maine to the state of California, and from the state Florida to the state of Washington.

The United States has controversies with three European belligerents concerning American rights. Those controversies are not those of the South, or of the North, or of the East, or of the West. They involve American contentions, whether the cause of the dispute is cotton exports from the South, wheat exports from the West, or ships and commerce particularly concerning the North and East. Therefore, the South wants to get the broader idea that it has no case in court, but that it is America's case. President Wilson is handling these controversies for America and not for any one section of it, hence American sentiment and Southern sentiment should hold itself in abeyance that it may back President Wilson against any one or all nations that may deny the great American Republic her world rights.

The South does not want to go so far in its sentiment that it would have to reverse itself in the event that President Wilson should act and expect support from the South. There is no necessity for the South's changing its honest convictions or sentiments, whatever they are, and we think we know, but it will be true to itself if it refuses to listen to any of its friends who want the South to flop one way or another for a money, or a trade, or a cotton consideration. The South's convictions and sentiments are not for sale to the highest bidder or to the lowest bidder. Its cotton crop is for sale, but at any price it would be a bad bargain if it is understood that its sentiment and convictions are thrown in as lagniapi.

The South would place itself in a deplorably false attitude were it to reverse itself merely for the sake of selling its cotton. Yet we are told that the Allies are losing Southern sympathy because of their treatment of cotton exports. A Washington dispatch last Wednesday stated that "signs that the British blockade note published this morning will raise the ire of the cotton growers to the point of drastic action, are becoming more and more evident". Even Marion Butler, it is learned from the same dispatch, rushed into the breach, as this is given as his view:

"Marion Butler, former senator from North Carolina, a cotton grower and former president of the Farmer's Union stated today that England's asumption in seizing cotton 'on suspicion' regardless as to its destination, was 'poppy-cock' and a 'monumental bluff.' He said President Wilson should have battleships convoy shipments of cotton and foodstuffs. He also suggested that an embargo on arms would quickly bring England to terms."

It is fortunate for this country that it has a president whose balance is not wavered a little bit by statesmen of the Butler type. Neither should the South hand out the pan to the United States government, as former Senator John L. McLaurin, of South Carolina, suggests, and betray its inconsistency in violating its inherent antagonism to paternalism in the government. Senator McLaurin goes further, according to a Charleston dispatch in yesterday's Star, this being included with his suggestion that the United States purchase 2,000,000 bales of cotton for the manufacture of explosive, for the purpose of giving the South a lift:

"Another plan outlined by Mr. McLaurin is that Great Britain and her allies buy at least two million bales. Such a course, he declares, would help in changing the trend of sentiment setting strongly against England, especially in the South,' in addition to the benefit it would be to the cotton grower."

When the words quoted above are analyzed, the inference is plain that England can buy 2,000,000 bales of cotton and for something like $100,000,000 can control sentiment in the South —"especially in the South". Even if Great Britain could buy the South's sympathy or hold it by paying for it, she would not appreciate it, while the South could not look itself in the face again.

If the European war is being fought for world justice, as both sides see it from their viewpoint, the 'trend of sentiment" in the South is a matter of conviction and not a matter of trade or of money. There is not much value to sentiment that may be withdrawn as that may be changed on such mercenary propositions as are coming from some of the friends of the South.

American sentiment, based on principle, can "change" because of a question involving interference with American rights, but it would be a sad day for the South if it would "change" either way in consideration of a market for cotton or because of a curtailment of the world's markets, either showing a mercenary spirit.

The principle involved is American rights on the sea and not a sentiment or change of sentiment based on the purely selfish motive of the chances or of the difficulties of selling cotton.

The friends of cotton do the South an injustice in agitating the public mind in antagonism to Great Britain, while the friends of Great Britain do the South an injustice in suggesting that Southern sentiment can be bought —all for the sake of selling cotton. The cotton problem, if there is to be any, could not possibly be sufficient to justify the friends of the South in appealing to sentiment for or against any of the belligerents. We want a healthier and truer sentiment than such as may be "changed" either way for money considerations or for selfish reasons.

Really the only two high principles involved are world justice and American rights on the sea.

THE WISEST COTTON TALK

Among all the resolutions, orations and communications published throughout the South concerning the handling of the cotton crop this fall, it remained for Mr. W. P. G. Harding, of the Federal Reserve Board, to say the most sensible thing at the right time. He says it in the current issue of the Federal Reserve Bulletin. It is well to repeat it here and profit by what Mr. Harding says. He is in a position to speak authoritatively and his views ought to have more weight than the vaporings of politicians and the hysteria of calamity howlers.

"The position of cotton today is much stronger, financial and other conditions are much better than a year ago in Mr. Harding's opinion and if the people of the south will not weaken their position "by unwise action" they have little to fear. "The cotton tragedy of 1914," says Mr. arding, "Will be succeeded in 1915 by nothing more serious than a drama."

Mr. Harding warns the south in its desire to see a broad market established for cotton to do nothing to embarrass President Wilson in his conduct of international affairs. "It should be remembered," says Mr. Harding, "that the President owes a higher duty to the south, to the whole country and to mankind, at this juncture than the establishment of cotton values. Serious complications between this country and any great foreign power certainly would not enhance cotton values. The President may be trusted to do his duty as he sees it, regardless of private appeals or public clamor."

COTTON BELT BANKS MAKE MONEY

A Washington dispatch to the Baltimore Sun says the Richmond Reserve bank, representing the financial unit of Maryland, Virginia, West Virginia, North Carolina and South Carolina, led the country in the size of its profits for the first seven and half months' operation of the Federal Reserve banking system. The Federal Reserve Board gave out that statement at Washington Wednesday and it will be gratifying to the banking district which the Richmond bank serves.

The Richmond bank had earnings of $95,653 over expenditures. In total earnings it ranked second, with $147,286. The New York Reserve bank took first place in total earnings, with $170,497, but its heavy expenses cut its net earnings down to $43,064, thus giving Richmond first place as to profits.

The Baltimore Sun's Washington correspondent states that the banks at Richmond, Atlanta and Dallas, representing the cotton district, were the money makers of the new institution. The total earnings of these three banks were $345,177, more than one-third of the earnings of the entire system. Its profits—that is, earnings in excess of current expenses—totaled $178,524. Only two other banks reported excess earnings. These were the New York and Chicago banks. The profits of the Gotham institution were $43,064, while Chicago reportd $16,126 on the right side of the ledger. The other seven banks reported current expenses in excess of earnings. The St. Louis bank showed the biggest shortage, its expenses exceeding earnings by $58,509, while Kansas City comes next, with excess expenses of $47,713.

The New York bank's operating cost was the largest, being $127,433; Chicago stands next, with $108,618, and St. Louis third, with $91,983. The operating expenses of the Richmond bank were $51,633, which exceed those of only two other banks, Atlanta and Minneapolis.

The big profits of the Richmond Reserve Bank, it is stated, will make it easy for Baltimore to get a branch bank, should the Maryland city desire to ask for one if the Federal Reserve Board finally turns down its petition for the main bank now located at Richmond.

The Federal Reserve Board, in making public the earnings and expenditures of the 12 Federal Reserve banks, announced that the new banking system is paying current expenses and carrying a surplus to its organization, equipment and cost-of-notes accounts. The total earnings of the system from November 16, 1914, the date of its formal opening, to June 30 last were $918,588 and the current expenses were $894,117, leaving a surplus of $24,471.

The Federal Reserve Board, in its statment, declared that there was not charged up against the current expenses of the reserve banks at this time the sum of $1,777,000, incurred in the work of organizing the system, in equipping the banks and in the cost of printing the Federal Reserve notes.

In speaking of the financial condition of the reserve banks, the Federal Reserve Board says:

"The statement shows average earnings for what may be roughly termed the first half year of operation of the system of 4.3 per cent. on capital, against an average percentage of current expenses to capital of 4.2 per cent. Th Federal Reserve Bank of Richmond reports 7.5 per cent. of net earnings, by which is meant total earnings less current expenses, and the Federal Reserve Bank of Atlanta earnings of 6.1 per cent.

The bulk of the earnings of the Richmond bank were rediscounts, these totaling $146,540. The earnings from investments in warrants were only $292. New York's earnings were mainly from municipal warrants, the amount being $104,000.

Baltimore is ambitious of having a Reserve bank of her own and resents the idea of having been tacked on to the Richmond district. The Sun says the big profits made by the Richmond Reserve bank will make it easy for Baltimore to be made the center of a new district. At present Baltimore is urging the Reserve Board to remove the district bank from Richmond to Baltimore.

OUR BELGIAN COLONY

The Manufacturers Record of August 5 contains an illustrated article concerning the Belgian colony at St. Helena, Pender county, near Wilmington. Three pictures represent groups of the Belgian men, women and children, who came to North Carolina after the war broke out, and with accompanying colony scenes, a most attractive page appears in The Record. The following are the illustrations:

A carload of Holstein cattle bought for the use of the Belgians in New York State.

Mr. Roy G. Booker wrote an accompanying letter from Wilmington, and in it gives the following interesting information:

"Plowed out of their homes by the ruthless German war machine, and left to perish by the wayside from want of sustenance and shelter, 12 Belgian families, totalling 60 people, have been rescued and transplanted as a colony to St. Helena, near Wilmington, N. C., where they are located on land which is much like that upon which the German army is now encamped, but more plentiful.

"It has taken approximately $2,000 per family and six months time to bring these families to North Carolina soil. Most of them arrived in April and May, and some industrious ones sold vegetables of their own cultivation within 70 days after they arrived.

"It took a representative of Hugh MacRae & Co., of Wilmington, working with the priests and burgomasters at the various concentration camps in Belgium several months to select just the right kind of families desired.

"After they arrived here a farm of 10 acres to a family was placed at their disposal, with a cottage completely equipped for housekeeping and the land prepared ready for planting the day they arrived.

"It is the plan of Mr. MacRae, who is the head of the concern that is developing two tracts of land totalling 70,0000 acres for colonization purposes, to give the Belgian-Americans every possible chance to make good. If they do demonstrate their worth and thus establish confidence among their fellow countrymen, in the agricultural and industrial possibilities of the South, it is only natural to suppose, according to Mr. MacRae, that there will be a great influx of immigration of this character to this section when the war ends. Mr. MacRae believes they will make good."

CURRENT COMMENT.

That is a delightful pipe dream the good city of Savannah is indulging in and out of which arises visions of landing the general offices of the Atlantic Coast Line, for a long time established at Wilmington. In building the balance wheel of the Atlantic Coast Line System the foundation work was laid in Wilmington and there it is likely to stay so long as the Coast Line System is in operation. Wilmington will lose no sleep over this proposition. It will soon be a forgotten incident.—Charlotte Observer.

A pretty well posted man "from down in the sixth", tells The Observer that the congressional race is just now swinging pretty lively around Godwin and Brown, the man who seems to want Godwin's seat the most. There are a number of other aspirants and the situation may change so as to bring them into more prominence later on, but at present it is these two aspirants who are raising the dust on the race track. One thing appears to have been settled in the sixth and that is expectations of others who have been regarded as probable to come into the field have been laid out and that there will not likely be any other announcements in the sixth.—Charlotte Observer.

Reports to the War Department and the Navy Department indicate that the production of munition plants in the United States has increased about fourfold since the beginning of war in Europe. In small arms ammunition the increase has been from a million rounds a day to five million rounds a day. Output of the government arsenals is a million rounds a day. Investigation indicates that American factories have been turning out only about one-twenty-fifth of the amount of ammunition used by allies alone since the war commenced. German army before outbreak of war had five rifles for every soldier and 2,000 rounds of ammunition for each rifle, or 25,000,000 rifles and fifty billion rounds of ammunition. United States government is credited with 600,000 modern Springfields and 365,000 Krag. Capacity of the government arsenals is about a million rounds of cartridges a day, which added to the five million rounds of private concerns would only give United States five cartridges per man a day should the United States put a million men in the field.—Wall Street Journal.

SEES VICTORY FOR RUSSIA, EVEN AFTER BEING DEFEATED

Lloyd George Says Enemy "Are Hammering Sword That Will Destroy Them."

London, Aug. 5. — Speaking to ten thousand Welshmen at Bangor this evening, before he heard of the fall of Warsaw, David Lloyd-George, the minister of munitions, referred to the situation in the East in these terms:

"I view it with anxiety, but not with dread. I can see a ray of hope in the dark horizon—the regeneration of the great people of Russia. Our enemies do not understand what they are doing in the East. Their mighty cannon are shattering the rusty bars that fettered the soul of Russia.

"Look at Warsaw. What is happening behind that. The Russian people are shaking themselves free of tilting debris, their mighty limbs preparing with new spirits and new hope for a new land.

"Austria and Prussia are doing today for Russia what their military ancestors did for France. They are hammer-nothing had come of them.

WRIGHTSVILLE BEACH FETE VISITED BY IMMENSE CROWD

Feast of Lanterns Surpasses Expectations of Most Optimistic Ones

WEATHER WAS IDEAL

Difficulty Experienced by the Tidewater Handling Great Number of Passengers

Surpassing in the grandeur of its display and the beauty of its novelty the expectations of the most optimistic the Lantern Fete at Wrightsville Beach last night was a splendid success in every particular, more than 3,000 people being on the island from Wilmington while nearly 2,000 more from the hotels and cottages swelled the throng to a number that without doubt was the largest ever on the beach at night. The Tidewater Power Company had made provision for handling an immense crowd but had difficulty in furnishing transportation to all who wanted to attend the festive occasion.

The weather man was kind and more ideal weather could not have been wished for. Not too cool nor yet too hot; with but here and there a cloud, and a gentle breeze, the conditions were superb for the magnificent display of lanterns and lights which was one of the prettiest sights imaginable. The cottages were dressed in their best and from one end of the island to the other there was the joy of the holiday occasion when troubles are left behind.

There was the boat parade which started the festivities and this under the capable direction of Mr. Burke H. Bridgers made a beautiful sight. Then came grand march from the Oceanic hotel to Lumina with its many pretty floats and hundredsof people marching with their lanterns, care free, happy joyous and glad. Therewas the souvenir ball in which there were many hundreds of merry dancers and added to this was the splendid singing of Miss Betty Lee, the dainty singer of Southern melodies, and the superb playing of the Don Richardson orchestra.

Anchored off the Seashore Hotel pier close in to the beach, the coast guard cutter Seminole was brilliantly illuminated and its searchlight was kept playing over the beach.

It was a late hour this morning when all the merry celebrators were able to reach their homes, every available car of the Tidewater Power Company being filled to its utmost limit, some even having to ride on the front, on the rear, anywhere, if they could only find a way to get back to the city.

Crowd Gathers Early.

The crowds began to gather at the beach long before night but by far the larger number went after 7 o'clock. The cars soon began running late and as each passed but little decrease was noted in the size of the crowds that had gathered along Princess street. Several hundred went down to Wrightsville Sound in automobiles and they had to wait for a long while before they were able to find a car with sufficient room in which to take them over to the beach. There were 4,500 people who went down to the beach during the day and evening but more than a thousand had returned before 10 o'clock.

The Hanover Concert band played festive music, martial airs and patriotic selections during the boat parade and also led the grand march which was in charge of Chief Marshall W. C. Denny and his capable assistants.

Chairman H. E. Bonitz and the general committee on entertainment deserve great credit for the splendid success of the occasion. The worked early and late and spared no effort to see that everything went off as it should.

Decorations Were Elaborate.

One of the most beautiful sights of the entire display was the revenue cutter Seminole with its display of the powerful searchlight. It anchored off the beach about the middle of the afternoon and attracted attention from that time until late in the evening when he massive crowd had come back to the city. It was anchored opposite the Carolina yacht club house and the flashlight was most beautiful from the pier of the Seashore Hotel, where hundreds of people went during the evening to see the sight. Chairman H. E. Bonitz and the committee expressed to Capt. P. H. Uberroth and his men their sincere thanks for the important part they played in entertaining the people who came to attend the feast.

Another sight long to be remembered by those who attended the fete as one of the most beautiful they ever witnessed, was the tower and decorative lights in Banks Channel opposite the Hanover Inn. Chairman Bonitz said the men worked through rain and in bath suits for the past three days to have it completed and those who saw it and saw the immense crowd it entertained with its beauty ,feel that the strenuous work was not in vain.

The Oceanic Hotel contributed to the beauty of the occasion by carefully placing a large number of lanterns on the hotel tower. This can be seen from nearly all over the island and practically every one of the thousands of visitors, saw and admired it.

The Carolina Yacht Club was decorated beautifully with a tower of lights that could be seen from nearly all over the beach, and the committee sounded the sentiments of the crowd were the Hanover Seaside Club received honorable mention in the decoration contest.

Cottages that attracted attention from many of the visitors for their beauty were that of Mr. E. P. Willard, winner of first prize, which was made into a Japanese garden with an attractive playing water fountain. Mrs. Cuthbert Martin made the lawn in front of her cottage into a Japanese Pergola. Mr. H. E. Bonitz's lawn was made into a perfect pergola ,his cottage winning second prize. Mr. J. P. Green and Mr. C. D. Maffitt made their lawns into boat effects.

The Tidewater Power Company gave away several hundred lanterns to children on the boardwalk, who carried them on canes and added much to the beauty of the general appearance of the festive occasion.

TO ENTERTAIN ON BIG SCALE

Raleigh Ready for Rotarians Who Come From Nearby Cities Tuesday—Big Wilmington Delegation

Raleigh is preparing to entertain on a royal scale the Rotarians who will be the guests of the Rotary Club of that city next Tuesday. The Raleigh News and Observer yesterday carried cuts of President John R. Murchison and Secretary Meares Harriss, of the Wilmington Rotary Club, and also had the following:

"Fifty automobiles and a band will meet visiting Rotarians, the guests of the Raleigh club, on August 10. News from President John R. Murchison, of the Wilmington Rotary Club, yesterday brought information that twenty-five members of that club will be present in Raleigh on the occasion. Asheville, Norfolk and Richmond are expected to bring heavy delegations, likewise.

"The Wilmington Rotarians will arrive on a special Pullman at 12:30 Tuesday morning. Instead of spending the remainder of the night in their car, they will go to the Yarborough Hotel and await the celebration of the day. The twenty-five will be headed by President John R. Murchison and Secretary Meares Harriss.

"The programme of events is growing bigger and bigger each day. From a breakfast in the Yarborough Hotel, the fifty automobiles will carry their complement of North Carolina and Virginia business men to the House of Representatives, where a meeting will be held in true Rotarian style, with snap, spice, and ginger.

"A barbecue will follow. Ten pigs have already been purchased and a whole poultry farm has almost been stripped for chickens to make up the brunswick stew.

"The ball game in the afternoon between Raleigh and Durham will be the big attraction after the barbecue. The fifty automobiles will be parked in the right and left fields at the ball ground. Merchants of Raleigh and business men, many of them not even Rotarians, will on that day relieve their clerks and employes for the afternoon, and the attendance at the game will be increased by hundreds.

"For those Rotarians who do not care for baseball the Country Club golf links will be available.

"In these two ways the remainder of the afternoon will be spent until time for the dinner and dance at the Country Club at night. This will wind up the affair."

WELL KNOWN WILMINGTON LAWYER DIED YESTERDAY

A. J. Marshall, Esq., Passed Away After Illness of Several Weeks.

The death of Aquila J. Marshall, Esq., for 25 years a well known member of the Wilmington bar, which occurred yesterday morning at 8:15 o'clock at the home of Mr. E. L. Sleeper, where he had gone a few days ago in search of health, will bring sorrow to a host of friends in Wilmington and elsewhere. He had been in failing health for a year or more and about two weeks ago closed his office here with the intention of going to the mountains for his health. He went to Castle Haynes with the hope that a rest would enable him to recuperate and was stricken with typhoid fever.

Mr. Marshall had lived in Wilmington practically all his life and was 49 years old. For a quarter of a century he practiced law in which profession he achieved considerable success. He was a son of Mr. and Mrs. J. R. Marshall, of Fort Myers, Fla., both of whom survive him. He is also survived by his wife and three children, Mr. A. J. Marshall, Jr., Kenneth Marshall and Miss Ruth Marshall. Surviving also are the following brothers: Mr. B. H. Marshall and Mr. D .C. Marshall, of Wilmington; Burgess W. Marshall, Esq., of Washington, D. C.; Mr. John G. Marshall, of Raleigh, and E. R. Marshall of Norfolk, Va.

The funeral will be held from the residence, No. 419 South Sixth street, this afternoon at 5:30 o'clock. The interment will be in Oakdale cemetery.

Mrs. Marshall has been ill for some time and is at James Walker Memorial Hospital awaiting an operation for appendicitis.

The bereaved family will have the tenderest sympathy of a host of friends in their sorrow.

FAVORS APPROPRIATION.

Chamber of Commerce Recommends Contribution by City for Film.

The executive committee of the Wilmington Chamber of Commerce has written a letter to the finance committee of the city of Wilmington recommending the contribution by the city of $200 for the moving picture feature film to be made in Wilmington during the meeting of the North Carolina Motion Picture Exhibitors' League which will be in session at Wrightsville Beach August 16, 17 and 18.

Messrs. Howard and Wells, owners of the Bijou, have guaranteed that the picture to be made here will be properly exploited in the moving picture shows of the State and have as a matter of fact already made arrangements to have it shown in 160 moving picture theatres in North Carolina.

In the letter to Councilman McCaig, chairman of the finance committee, the executive committee states that local business men have already paid over $300 to the concern which will get out the picture and that the remainder of the money will be held in trust by Howard & Wells until after the picture is exhibited and has proven satisfactory to a committeee composed of local business men on which a member of City Council will be asked to serve.

In addition to being shown in North Carolina, Mr. R. D. Craver, of Charlotte, who is district manager of the Universal Film Company, has assured local business interests that he will see that the picture is shown in the large cities of the South, including Atlanta, Birmingham and Chattanooga.

Hurt in Automobile Accident.

Mr. D. D. George, of Masanboro Sound, was painfully bruised about the back and legs Thursday night when he was knocked from a wagon, in which he was returning home from Wilmington, by an automobile which is thought to have been driven by a negro. The accident happened near Winter Park Gardens. The automobilist did not stop and as the wagon was so badly damaged, it could not be used until repaired, Mr. George had to ride home on horseback. Report of the accident was made to Justice Harriss yesterday and should the negro be located he will be tried on a charge of reckless driving.

FOOD INSPECTION FOR JULY IN WILMINGTON

Scores as a Whole Speak Well for Sanitary Conditions.

Fifty-Five Down Town Establishments Included in List Graded—Inspector Aiken Pleased With Attitude of Merchants.

Fifty-five down town food and soft drink establishments are included in the list graded by the food inspection branch of the New Hanover Health Department for the month of July. The list includes soda fountains, confectioneries, restaurants, ice cream factories, meat markets, groceries ,bakeries, fish stalls and delicatessen establishments and the scores, taken as a whole speak well for the cleanliness and sanitary conditions in most of the local food shops.

The United Cigar Store, with a score of 94.4, leads the entire list for July, and under the health department's close system of inspection and scoring, this is considered a splendid score. The White Market is close second with 94.1 and the New Way Market third with 91.9. These two markets, the health officials say, are models of their kind, and compare favorably with any to be found in the South. The New Way lost several points on the July score for not keeping its screen door shut, and this has since been remedied.

Other establishments scoring 90 or better are: Hall & Ross, Inc., 91.3; Atlantic Coast Line Confectionery, 91; Globe Baking Company, 90.9 and A. G. Warren & Co., 90.4. The Globe Baking Company's bread department, it was stated, made almost a perfect score, but the score on the cake department pulled the total down. The bread department in this establishment is a model of modern construction and operation.

The health department's score system is based on the building, fixtures, utensils, machinery, screens, floors, plumbing, toilets, lavatories, ventilation ,premises, refrigeration, storing of food handling of food, quality of food, disposal of garbage, methods of washing glasses, care of coils, water used, milk used, ice cream used, syrups used, condition of dining room, condition of kitchin, health of attendants, cleanliness of attendants, and sterilization. Naturally, all of these features will not apply to every establishment, and a separate table for standards, with a to-kind of food shop. That is, groceries kin dof food shop. That is, groceries are scored on one table, meat markets on another, soda fountains on another, etc.

Mr. H. R. Aiken, the food inspector, expresses himself as much pleased with the attitude of the local merchants toward the efforts of the health department to insure the people of Wilmington a clean and wholesome food supply. Most of the dealers are anxious and willing to co-operate with the department toward this end, and Mr. Aiken declares that prospects now are that Wilmington's food shops will soon compare favorably with any in the country.

In connection with the food supply question, the health officials point out that Wilmington needs a modern and sanitary establishment for butchering poultry, and also a modern fish market, equipped for the proper storing and refrigeration of sea foods from the Northern and Southern waters.

It is pointed out that the dressed Poultry sold on the local markets is often butchered under conditions that are anything but sanitary, and this condition is dangerous, it is stated, for poultry is just as much subject to dangerous infection as is fresh meats, and it should be butchered and dressed under the same careful regulation and inspection that governs meats.

As to the fish market question, it is pointed out that the local supply of fish, especially of recent years, has been irregular and undependable, and that at certain seasons of the year it almost ceases or is limited to only a few varieties.

With a properly equipped fish market, provided with modern storage and refrigerating facilities the health officers state the waters of the North and South could be called on to supplement the local supply of fish, and the Wilmington housewife could purchase fresh cod, haddock, Northern blue fish, halibut, Spanish mackerel, lobster, etc., from the New England waters, the delicious trout and white fish from the Great Lakes, as well as the pompano, red snapper, gulf shad, and other fish from the Southern waters.

Either or both of these establishments, in the opinion of the health officials, offer a fine business opportunity in Wilmington, an opportunity that would meet with the whole-hearted support of the buying public and be highly remunerative.

The complete list of the food establishments scored during July, with their scores follows:

Soda Fountains—United Cigar Store, 94.4; Wodall & Sheppard, 87.8; Wilmington Cigar Co., 87.2; J. T. Newman, 87.2; Mission Pharmacy, 86.6; Elvington & Mintz, 85.3; Green's Drug Store, 83.4; Warren's Cigar Store, 80.6; E. M. Cheek, 80; J. F. Jarman, 79.1; M. L. Starkey, 78.6; Baxter Tobacco Co., 77.8; Shepard Cigar Co., 74.8; J. Hicks Bunting, 70.9.

Confectioneries and Soda Fountains—Atlantic Coast Line Confectionery, 91; John W. Plummer, 89.8; Mathews Candy Co., 87.3; Xanthos Bros., 86.5; W. A. Kontrukias, 85.7; Mitchell Mansuras, 68.5; John Phillips, 68.5; Crystal Palace Confectionery, 65.9; Contrukias Bros., 57; Mitchell Patusis, 56.

Restaurants—Newman's Cafe, 88.6; Gieschen Bros., 83.4; Dixie Cafe, 79.5; Olympia Cafe, 78.3; Star Cafe, 75.5; Savage & Savage, 67.4; New York Restaurant, 55.9.

Ice Cream Factories—A. G. Warren & Co., 90.4; J. W. Plummer, 84.5; Frost

DATA WANTED ON NEED OF A DEEPER CHANNEL

In Cape Fear River from Wilmington to the Sea.

Capt. C. S. Ridley, United States District Engineer, Requests Co-Operation of Citizens in Securing Information.

With a view to increasing the depth of the Cape Fear river from Wilmington to the sea, the last Congress authorized a preliminary examination by the United States engineer in charge of this district, and in order that he may arrive at a proper conclusion as to a suitable depth and width to recommend, Capt. C. S. Ridley, now in charge of this office, has addressed a letter to many of the business firms and citizens in Wilmington requesting their earnest co-operation in securing all necessary data. The letters were sent out yesterday, but failure to receive a copy does not mean that suggestions from others will not be gladly received.

The present project is for securing a channel of 26 feet in depth from Wilmington to the sea and this has been practically completed. Those most deeply interested in the development of this port have long contended that there should be a depth of not less than 35 feet to the ocean. However, this project would hardly be practicable at the present time but that there is urgent need for a gerater depth than 26 feet is the belief of those who want to see Wilmington become one of the great ports on the South Atlantic Coast. They now have an opportunity to present such facts as they have for the careful consideration of those who have the matter in charge.

Instead of having a public hearing on a certain day when citizens can meet and make suggestions, Captain Ridley has thought it best to have such information as any person may have to offer sent direct to his office in a letter and this can then be put into such shape that it can be embodied in his report to the Boar dof Engineers in Washington.

From the letter sent out by Captain Ridley it can be seen that he proposes to make a thorough and exhaustive investigation before making his report, and that he will have the earnest and cordial support of citizens in securing all necessary data goes without saying.

Following is a copy of the letter sent out by Captain Ridley:

"Dear Sir: The river and harbor act approved March 4, 1915, contained provisions for an examination of Cape Fear River, N. C., with a view to increasing the depth from Wilmington to the sea."

"The duty of making this examination and of recommending a suitable depth and width for this channel has been assigned to this office.

"I beg to request, therefore, in order that the State and the city may receive the benfits consequent on the improvement of this river to that degree which may be justified by the actual and prospective needs of State and local commerce, that you kindly cooperate with this office in arriving at a proper conclusion by furnishing such information as may be in your power concerning the present character and extent of the commerce now carried on that stream, the probabilities of increase or decrease for the future, the causes likely to produce those changes, the character of vessel used, and that which may be used in the future, as related to the depth available, the effect of the present and proposed greater depths upon freight rates, both State and local, and the depth which in your opinion will be best suited to the speedy growth of the commerce of this port to its maximum.

"It is not necessary to impress upon you the necessity for the hearty and complete co-operation with this office of all persons and business concerns of both State and city, who are interested in the welfare of each as affected by the improvement of this river.

"Very respectfully,
"C. S. RIDLEY,
"Capt. Corps of Enginers, U. S. A."

WHAT TO DO FOR ITCHING SKINS
Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 20 years.
Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's.
CLEARS BLOTCHY SKIN
Try resinol soap for a week. You will be surprised to see how it clears and freshens your complexion, even in that short time. Used for the shampoo, it removes dandruff and keeps the hair live, rich and lustrous. This is because it contains the soothing, healing resinol medication.

To Those Who Would Name A Personal Friend As Executor and Trustee

Often it is desired to keep an estate under the supervision of a friend or member of the family, and yet avoid the dangers of individual trusteeship, such as illness, death or other circumstances that may impair the estate.
This may easily be accomplished by naming The People's Savings Bank as co-executor and co-trustee.
Such a precaution is particularly advisable when a wife or other woman relative is to be executrix and trustee, because the Bank can relieve her entirely of the heavy responsibilities and arduous details, as it has an unexcelled organization and wide experience in handling personal trusts.

NEW PLAY TO BE GIVEN ON MARINE HOSPITAL GROUNDS

The young ladies who have been taking the Natural Educational Course under the direction of Mrs. Winifred Sackville Stoner, will give a N. E. play in seven different tongues on next Saturday afternoon at 3 o'clock.

They will be assisted by a number of children and several young gentlemen of Wilmington who are noted for their histrionic talents. The play will be given without a rehearsal and songs will be sung in a number of different languages. There will be dances representing various nations and games to teach important facts in all the "ologies."

A number of these teachers who are preparing to take charge of N. E. schools are from New York, Rochester, Philadelphia and other Northern cities. Miss Margaret Peirce, of Warsaw, who is well known in Wilmington and who was at one time the principal of the James Sprunt institute, is one of this training class. She expects to open a school on South Fifth street for a limited number of pupils in September.

Mrs. Morris Caldwell will have a similar school on the north side in her home on North Third street.

In these schools there will be no grammars, no spelling books and no givers of nightmare in the form of examinations or tests. The fairies called "Typewriter' 'and "Book of Knowledge" will take the place of old time school terrors.

AMMEN'S TOILET POWDER is a medical compound, formulated to meet all the requirements of the most refined toilet. It is antiseptic and cooling. Refreshing after the bath, destroying all odor from perspiration. Price 25 cents at your druggist.

GERMAN SHIPS DECORATE

In Honor of Fall of Warsaw—Nicaria Celebrates First Anniversary.

Capt. R. Hollasch, of the German steamer Nicaria ,which has been in port since the beginning of the European war, yesterday celebrated the first anniversary of his arrival in Wilmington and quite a number of friends called during the day to extend best wishes. The Kiel which was first interrned at Southport, later coming to Wilmington, and also the Nicaria were in gala attire yesterday in celebration of the fall of Warsaw.

Captain Hollasch speaks very highly of the splendid treatment he has received since he has been in Wilmington. Practically all the members of the crews of both the Nicaria and the Kiel have either returned to Germany or have secured employment on shore until the war ends.

When war was declared Captain Hollasch was enroute from Brazil to New York with a cargo of coffee. He had just left Barbadoes in the West Indies and learned by wireless of the declaration of war and also received word to go to the nearest neutral port. This happened to be Wilmington and he lost not time in carrying out the orders.

ENTERS PLEA OF GUILTY

Recorder Reserves Judgment in Cases Against J. G. Ittner

J. G. Ittner, who runs a grocery store at No. 1608 Market street, entered a plea of guilty before the Recorder yesterday on a charge of having assaulted Plainclothesman Frank George and also on a charge of having violated the prohibition law. Judgment was not pronounced but the defendant was recognized until Tuesday when sentence will be passed. According to the testimony when the officer attempted to search an ice box in the store of the defendant, the latter tried to stop him and struck him. It was alleged that Ittner had sold beer and he entered a plea of guilty to this charge also and judgment was reserved until Tuesday.

Blain Sloan, colored, charged with violating the prohibition law, was given a nol pros, it appearing that he had bought some beer for another person. Ralph Kennedy, white, was found not guilty of violating the prohibition law. It was alleged that he had sold some beer but there was no evidence to prove that it was beer or any other intoxicating drink that he had sold.

CIVIL SERVICE POSITIONS

Several Examinations Here During Months of August and September

The United States Civil Service Commission announces several examinations here during this and next month, among them being the following:

The secretary of the local board of civil service examiners', postoffice building, will give any further information desired.

FORT FISHER SEA BEACH

A Number of Visitors at New Summer Resort for Past Several Weeks

There have been quite a number of visitors at Fort Fisher Sea Beach recently. Among the most recent arrivals are: Mr. F. A. Bond, Jr., and family, of Lumberton and also Mrs. W. P. Dent and child, who have just returned to their home in Washington, D. C., Mr. and Mrs. F. A. Bond, Sr., of Lumberton; Mrs. R. C. Robinson and her two sons and daughter, and Mr. and Mrs. T. C. Findlay and son, of Wilmington, are spending some time at this beautiful beach.

The Kure Land and Development Company, the developers of this new summer resort, are now engaged in making a number of improvements. Many of the purchasers of lots have stated their intention of building cottages during the coming winter and it is expected that this beach will prove to be quite popular next season.

Unfavorable to Improvement

The Board of Engineers, Washington, D. C., has reported unfavorably the proposed project for the improvement of the White Oak river to the head of navigation near Maysville for the reason that the probable cost of improving the channel appears to be excessive when compared with the prospective benefits. Interested persons are given 30 days to submit statements, if they so desire, bearing upon the necessity of the proposed improvement.

Mr. Bellamy Sworn In

Chesley C. Bellamy, Esq., a popular member of the Wilmingaon bar, has qualified as assistant city attorney and began his new duties yesterday. He was elected by City Council Monday night to succeed William J. Bellamy, Esq., who resigned. The principal duties of the office are to collect back taxes and other accounts which may be placed in the hands of the Attorney.

Raises Big Tomatoes

Mr. R. H. Huddleston, who lives at No. 115 South Front street, brought to the Star office two large bunches of tomatoes yesterday which were grown in his backyard. One bunch of six tomatoes weighed four and a half pounds and one of the tomatoes weighed 21 ounces. Mr. Huddleston has had fine success with his tomatoes and states that the quality is all that could be desired.

WRIGHTSVILLE BEACH

Misses Annie and Mary W. Carroll and Willibelle Jordan, of Warsaw, are spending the week-end at Wrightsville Beach.

The lantern decoration for The Feast of Lanterns celebrations at Lumina are still in place and will be used for decorations for the week-end dance tonight.

Col. W. F. Robertson, for many years a well known citizen of Wilmington, now a resident of Greenville, S. C., where he is the secretary of the commercial body, accompanied by Mrs. Robertson, is spending some time at the beach.

Yesterday's Raleigh News and Observer: "Mrs. Mary V .Partin and little daughter, Elise, have gone to Wrightsville Beach to spend several days.—Miss Daisy B. Allen left yesterday for Wrightsville beach and Southport, where she will spend her vacation."

Lumberton Robesonian: "Mr. F. A. Crabtree and children, Virginia and Dorothy, and Miss Eddie Loney Whitaker of Atlanta, who is visiting Mr. Crabtree, went this morning to Wrightsville Beach, where they will spend some time."

Yesterday's Charlotte Observer: "Mr. and Mrs. J. I. Sabiston have returned home from a week's stay at Wrightsville Beach. Their little daughter, Miss Barbara, who accompanied Mrs. Sabiston's sister, Mrs. Thomas J. Green, home to Norfolk for a three weeks' visit, returned home several days ago."

There were 105 passengers from points in Georgia and Alabama for the beach on the regular Seaboard Air Line train arriving yesterday at 12:40. These were taken through to the beach in two extra cars by the Tidewater Power Company and will spend ten days at the resort. The Seaboard attached two additional Pullmans to the train for their accommodation.

Among the recent arrivals at the Seashore hotel are: J. K. Doughton, Raleigh; Miss Kate McLean, Mr. and Mrs. A. L. James, Miss Pattie James, Marshall Jones, Laurinburg; Mr. and Mrs. J. G. Hughes, Parkton; W. H. Gales, Bolton; E. L. Batchelor, Rocky Mount; Mr. and Mrs. A. J. Nelson, Miss Nelson, Thomaston, Ga.; Mrs. B. B. Turner, Barnesville, Ga.

The list of pictures to appear on the screen at Lumina tonight consists of three single reel subjects. The first is "The Bachelor's Burglars", a drama by the Essanay Company, followed by a comedy dealing with the incidents of the well known Jarr family. This last is a Vitagraph picture and is entitled "Mrs. Jarr's Auction Bridge". "An Arizona Wooing", an exciting Western drama, completes the programme.

Miss Betty Lee will be the attraction at the week-end dance at Lumina tonight. This will be the last opportunity of hearing Miss Lee at Lumina in her song specialties, as she closes her engagement with the concert tomorrow night. She will make her appearance at both the afternoon and night concerts to be given at Lumina tomororw. Miss Lee's singing has been a delightful novelty that has given much pleasure to the patrons of Lumina.

Among the arrivals at the Oceanic Hotel yesterday were: Mr. and Mrs. William C. Petty, Charlotte; Mrs. Edward Einstein and family, Richmond, Va.; J. C. Thomas, Newbern; Mr. and Mrs. William Hoffman, Cincinnati, Ohio; W. D. Williams and I. W. Land, Faison; G. E. Norman and family, Charlotte; Mr. and Mrs. Lyon B. Josey, Atlanta; Misses Emily M. Lederer and Claude Reynolds, Gainesville, Ga.; Mrs. Joe Cobb and Mrs. Myer Saul, Hartwell, Ga.; C. I. Harris, Atlanta; G. W. Grady, Buffalo, N. Y.; T. F. Griffith, Miss Juanita Meares, Miss Elizabeth Meares, Monroe; A. S. Chadbourn, Chadbourn; B. W. Ruark, Southport; E. W. Wooten, Clarkton; I. H. Wright, Warsaw; Miss Elizabeth Ann Johnson, Dallas, Texas; J. M. Jones, Richmond, Va.

ONLY THREE ENTRIES IN JULY IN FISHING CONTEST.

Affidavits Must be in by August 10th. Handsome Prizes Offered.

With the time for filing affidavits nearly up, there are thus far only three channel bass entered in the New Hanover Fishing Club's July contest, in which four prizes are offered.

The prizes offered for July are as follows: First, 200 yards line, donated by the Foard Hardware Company; second, box of cigars, donated by Mr. E. Boushee; third, $2 in merchandise, donated by J. H. Rehder & Co., and fourth, sack of flour, donated by Brown-Toon Company.

Those who have fish entered in this contest, and the weights of the fish, are as follows: Capt. W. L. Beery, 27-pound fish, caught July 5th, at Moore's Inlet; John L. Galloway, 26-pound fish, caught July 5th, at Queen's Inlet, and A. J. Mitchell, 24-pound fish, caught July 5th, at Queen's Inlet.

Reports are that a number of other members have caught nice fish during July, but if so, they have neglected to enter the fish. Provided no further affidavits are filed with the contest committee by midnight of August 10th, first, second and third prizes will be awarded to the above members in the order named, and the fourth prize will probably go over to the August contest.

The campaign for new members for the club is progressing nicely, and the officers of the club hope to be able to erect another fishing shack at Moore's Inlet in time for the fall fishing.

MR. GODWIN WILL SPEAK

Congressman From Sixth District to Make Address at Convention.

Congressman H. L. Godwin, of Dunn, has accepted an invitatio to deliver an address ta the convention of the North Carolina Motion Picture Exhibitors' League which will be held at Wrightsville Beach August 16, 17 and 18. There will be other prominent speakers, among them being Editor Varner, of the Lexington Dispatch and also the editor and publisher of Southern Good roads. From present indications the convention is going to be one of the biggest of the summer at this popular resort.

EXPORTS EXCEED IMPORTS

Only Part of Cotton Shipped to France During July from Wilmington

There was not much doing in the way of imports or exports to or from the port of Wilmington during the month of July, according to the records of the Wilmington Customs house. One part cargo of cotton of 6,000 bales, valued at $360,000, was shipped to Havre, France, on the American steamer Vigilancia by Alex. Sprunt & Son. The imports amounted to $14,500. One cargo of pyrites was brought in and the remainder was molasses from the West Indies.

The Best People In the Country Go to Church. Why Don't You?

GO TO CHURCH if you wish to meet people who are worth while!

The best people GO TO CHURCH today. It is an asset to know the best people. You will know them if you GO TO CHURCH. And they will know you. Every big man in the country GOES TO CHURCH. He didn't need a GO TO CHURCH movement to get him to go, either. Read the lives of any of our big men. You will find that the truly great are regular churchgoers.

A man who is a regular church attendant doesn't have to wait for his reward in the next world. He gets it right here. He is a material as well as a spiritual gainer the moment he enters the church door. Everybody has confidence in the man who is a churchgoer. A man may be clever, powerful, wealthy and influential, but he does not enjoy the complete respect of the community if he fails in his duty to his church.

THE MAN WHO WISHES TO SUCCEED IN THIS WORLD MUST GO TO CHURCH. CHURCHGOING IS A POSITIVE BUSINESS ASSET. THE BUYING COMMUNITY FIGURES THAT THE MERCHANT WHO GOES TO CHURCH REGULARLY MUST DEAL SQUARELY. THE COMMUNITY FIGURES THAT HE CANNOT BE HYPOCRITICAL. THE MERCHANT WHO GOES TO CHURCH GETS THE TRADE OF THE CHURCHGOING PEOPLE. HE ALSO GETS THE TRADE OF THE SHARP BUYER WHO REALIZES THAT HE CAN EXPECT FAIR DEALING FROM A MAN WHO IS A REGULAR CHURCHGOER.

GO TO CHURCH next Sunday and take a good square look at the faces of the men you meet there. You'll find they are the right sort. They are the kind you want to meet and know in business. They are the sort of men you are not ashamed to bring into your homes.

You'll find the salt of the earth in church!

GO TO CHURCH next Sunday and meet the people who are worth while!

FINANCIAL AND COMMERCIAL

COTTON CLOSED STEADY

Reactions Followed Advance in Early Part of Session and Price at the Close was Generally Lower.

New York, Aug. 6.—An early advance in today's cotton market seemed to attract increased offerings and reactions followed with the close steady at a net gain of six points on August but generally 1 to 2 points lower.

The opening was at an advance of 8 to 9 points and the market sold about 10 to 12 points net higher during the early trading on the continued firmness of Liverpool, the failure of the weather map to show rains in the Southwest, and a renewal of Liverpool buying. The more bullish view of the market also seemed to be encouraged by reports quoting prominent banking interests to the effect that average prices for cotton during the coming season were likely to be higher than last year's, but the advance into new high ground for the movement, and of about $3 per bale from the low level of last week, seemed sufficient to bring out a good deal of realizing. After the close of Liverpool, demand became somewhat less active and the sellin more general, owing to private reports that it was raining hard at Waco, Texas, and renewed rumors that England intended to place cotton on the list of contraband. These rumors were not confirmed, but they helped to unsettle the market and after a decline of some 10 or 11 points from the high level of the morning, trading became less active. Closing prices were at practically the lowest of the day. Liverpool houses were credited with buying very freely here during the early trading.

The cotton futures market closed steady.

PRICE OF WHEAT LOWER

Heavy Arrivals Expected—Close Steady at Decline Under Previous Night. Corn and Oats Lower.

Chicago, Aug. 6.—Expected heavy arrivals of wheat here gave prices today a new downward swing. As a result, the close, although steady, was 1⅜ to 1½ under last night. Corn declined ¾ to 1⅛ net, and oats 1 to 1¼. In provisions the outcome varied from 2½ off to a rise of 12½.

STOCKS WERE CONFUSING

Question Whether Trading Would Retain Large Gains of Past Few Weeks—Fairly Good Close.

New York, Aug. 6.—It was an open question during the greater part of today's trading in stocks whether the market would retain unimpaired its large gains of the last few weeks or was on the verge of a reaction. Although a few of the popular speculative issues made further gains, others fell back, and the movement was irregular and confused. In the later dealings, however, the market lost its uncertainty and advanced generally, closing well up on the day.

An unusual circumtsance of the afternoon rise, in a market which has been given over so long to the war stocks, was that the upturn began in the railroads. St. Paul, Canadian Pacific, Reading, Lehigh Valley and Southern Pacific were taken up by traders and were advanced with no great difficulty. Their strength spread to the industrials before the close.

New high records were: Bethlehem Steel, up 10 points to 311; Crucible Steel up 11 to 89; General Motors up 6 to 198; Willys-Overland up 4 to 143, and Continental Can preferred up 1½ to 103. Steel sold at 73⅜, the highest price since 1912. Oil shares and various others of the industrials participated in the rise.

Reports of crop prospects and trade conditions were good and sentiment was cheerful.

Irregularity developed in the bond market. Foreign selling was heavier, total sales, par value, $3,300,000. United States bonds unchanged on call.

NEW ORLEANS COTTON

Big Advance Fell Off and Close Was Barely at Net Gain

New Orleans, Aug 6.—Cotton advanced 13 to 14 points in the early trading today, but fell away in the afternoon and closed at a net gain of only 1 to 2 points. The market had a fairly good tone during the best part of the session, due to improvement in the spot inquiry and better prices, both locally and in the western belt spot markets.

Better cables than due and a dry weather map stimulated buying around the opening. Shorts bought liberally on reports of crop damage and complaints of premature opening of bolls. For a time the market held steady but toward noon private reports of rain in Texas and the rumor that England had put cotton on the contraband list caused a quick slump to the lowest levels of the day. In the afternoon the markets made a faint show of recovering on accounts from the spot department.

Cotton futures closed steady at net advance of one to two points. Closing Oct 928; Dec 955; Jan 967; March 990; May 1010.

Spot steady, 13 points up, middling 852. Sales on the spot 250 bales arrive 115.

WEEKLY REVIEW OF COTTON MARKET SHOWS IMPROVEMENT

Steadier Tone Has Developed Since Publication Government Report.

New York, Aug. 6.—A steadier tone has developed in the cotton market since the publication of the government report, making the condition of the crop 75.3 per cent. average 80.3 per cent. the previous month and 78.5 per cent. the ten year average. Few traders it appeared, had expected so severe a deterioration in the prospect, and a feeling that drouthy conditions had caused a further falling off since the official data was collected, added somewhat to the bullish influence of the figures. Good rains in eastern and central sections of the belt checked the advance and caused moderate midweek reactions but dry weather continued in the southeast and the rather more bullish average of sentiment was also encouraged by the steadiness of Liverpool, the large spot sales reported in the market there, and the continued absence of any hedge selling against either remaining old crop or prospective new crop supplies. The bulk of the buying on the advance of about $3 per bale from the low prices of last week has been attributed to covering of shorts, much of it having come through houses with Liverpool connections and supposed to be for the purpose of undoing old straddle accounts. These accounts are said to have been accumulated in the market here at a difference of from 90 to 100 points and the buying is supposed to have been largely in the way of realizing at the prevailing wider differences. Mathematical deductions in the government conditions report, indicate a probable crop of around 12 1-2 million bales including linters, have not been entirely accepted in local circles, owing partly to a disposition to question the accuracy of reduced acreage estimates, and the market showed a somewhat reactionary tendency during today's trading as a result of reiterated predictions that cotton would be declared contraband, and private reports of rain in the Southwest. Local spot dealers continue to report a very slight demand for actual, however, and bearish arguments have been chiefly based upon the large carry-over and approaching crop receipts although banking institutions are reported well prepared to finance the movement.

THREE SUSPECTS OF BANK ROBBERY GANG ARRESTED

Believed to Have Helped Rob Banks at Kelfer and Keystone, Okla.

Sapulpa, Okla, Aug 6.—Charged with being members of the Starr gang of bank robbers and suspected of being implicated in the robbery of banks at Kelfer and Keystone, Walter Spess, S. K. Russell and "Puss" Erwin, all heavily armed, were arrested today, without any show of resistance while encamped near Chandler, Okla, where alleged members of the Starr band are being tried.

Recently Sheriff Lew Wilder received an anonymous letter which stated that an attempt would be made to liberate enry Starr and the men accused of being his accomplices, now in jail at Chandler.

At Chandler today, Cladud Sawyer another alleged member of the Starr gang, was found guilty of robbing the Stroud banks and sentenced to five years in the penitentiary.

DENIES ANY PART IN HER HUSBAND'S DEATH

Mrs. Warren Testified at Trial Yesterday.

She Also Denies Writing for Christy to Come to This State—She Says Warren Had Said He Would Kill Christy.

Winston-Salem, N. C., Aug. 6.—Mrs. Ida Ball Warren, who is charged jointly with S. P. Christy and Clifton Stonestreet, with the murder of G. J. Warren a year ago, testified today at her trial here. She denied having written to Christy, with whom she asserts she lived at Grand Saline, Texas, asking him to come to this state, denied any part whatever in the death of her husband, said that her husband always carried a revolver and that she had heard him say he would kill Christy, if he ever met him. On the morning of Warren's death, she testified, Warren and Christy engaged in a fight and she ran from the room. She said she learned later that her husband was dead and that she thought Christy used a wrench in the struggle.

Testifying as to her age and that of her daughter, Mrs. Clifton Stonestreet, she said that she was 36 years of age, that her daughter was 16 and that Christy was the father of her child. She was never married to Christy and lived with him at Grand Saline under the name of Kearns.

MRS. FRANCIS S. QUINN DEAD

Respected Christian Woman Passed Away Yesterday Morning

Many friends will be deeply grieved to learn of the death of Mrs. Francis S. Quinn, widow of the late James Quinn, which occurred yesterday morning at 5 o'clock near Montague, N. C., where she had gone to visit friends. She was 66 years old. She was for many years a faithful and devoted member of Calvary Baptist church and had a host of friends, being greatly beloved by all who knew her.

She is survived by her daughter, Mrs. W. B. Savage, who is the only near relative. Mrs. Quinn had lived in Wilmington for many years. The funeral will be held from the residence of Mrs. Savage, No. 720 South Sixth street, this afternon at 4 o'clock and the interment will be in Oakdale cemetery.

Two Trips to Fort Caswell.

The steamer Wilmington will make two trips to Fort Caswell tomorrow, leaving the city at 8 a. m. and at 2:30 p. m. It is expected that several hundred people will go down to visit the members of the Coast Artillery corps who are on their annual encampment at the fort. The friends of the Wilmington Light Infantry have been given a cordial invitation by Captain Bailey to come down Sunday when the boys will have a day of rest from their strenuous duties. Those going on the steamer Wilmington will be able to spend five hours at the fortification, the last boat leaving at 4:30 p. m. There will be special music at Carolina Beach Sunday afternoon and it is also expected that quite a number will visit the resort. The steamer Wilmington will touch at Carolina Beach pier on both trips.

MR. JOHN R. BOLTON DEAD

End Came Yesterday Morning at James Walker Memorial Hospital.

Mr. John R. Bolton ,a well known citizen of New Hanover and Pender counties, having been born in the latter county, but having resided here for the greater part of his life, died yesterday morning at 8:25 o'clock at the James Walker Memorial Hospital where he had been under treatment for some days.

Mr. Bolton was formerly with Mr. J. O. Grimes in the mercantile business in East Wilmington but for the last few years had been residing on Middle Sound. He was in the 65th year of his age at the time of his death.

The funeral will be conducted from the home of his niece, Mrs. J. O. Grimes, in East Wilmington, this afternoon at 2 o'clock and the interment will be in the burying grounds at Prospect church, on the Scott's Hill road.

Wanted Dead Body To Pay Board Bill

Boarding House Mistress Says Boarder Said She Might Have His Freak Body to Sell to Square Debt But Coroner Refuses.

Philadelphia, Aug. 6.—The coroner of Philadelphia today refused the request of a boarding house mistress that she be given the freak body of her former boarder so that she could sell it to the highest bidder and thus get back money she had advanced the man.

The body was that of William Gutenmiller, who had committed suicide. His heart was on his right side and other organs were not in their natural position. Physicians had discovered his strange physical makeup and worry over his peculiar construction, it is believed, caused him to end his life. Gutenmiller owed the woman a board bill and had borrowed small sums from her from time to time, telling her that when he died she could get money for his body from a medical college.

The coroner told the woman that under the law he could not give her the body. It is probable that it will be turned over to the State Anatomical Board if no one claims it for proper burial.

JUDGE BOYD DISMISSES WARRANT FOR T. C. M'COY

Bill of Indictment Presented at Fort Smith Imperfect.

Says Government Produced No Evidence to Show Cause Why Asheville Man Should Be Taken to Arkansas for Trial.

Asheville, N. C., Aug. 6.—Judge James E. Boyd, of the United States court for the Western District of North Carolina, sitting upon a preliminary hearing in the case of the United States government against Thomas C. McCoy, of this city, charged with conspiracy to defraud the United States in connection with the operation of the Caspar and other distilleries in Arkansas and Missouri, today dismissed the warrant of arrest and discharged the defendant on the ground that the record of the bill of indictment presented at Fort Smith, Ark., was imperfect, and that the government had introduced no evidence whatever to show cause why the defendant should be taken to Fort Smith for trial on the charges named.

Judge Boyd, in disposing of the case, jury duly sworn and empanneled. against McCoy was sufficient in form and substance, there was not certified any record to show that a criminal term of court had been held at Fort Smith with a judge presiding, that any grand jury had been sworn and empanelled or that the indictment had ever been returned to court by a grand jury dudly sworn and empanneled.

The government rested its case against McCoy by offering this bill of indictment; whereupon the court held that there was no evidence, dismissed the warrant and discharged the defendant.

Judge Boyd then stated to the attorneys for the government that he was ready to hear the case upon the affidavit and warrant ,and that they might introduce any testimony in their possession tending to show possible cause against McCoy as to the offenses charged in the copy of the indictment. The government, however, declined to present any evidence further than to offer the copy of the indictment returned at Fort Smith.

Judge Boyd's ruling does not deprive the government of any of its rights in the matter of a new proceedure against McCoy.

McCoy's arrest here followed the returning of true bills by the Fort Smith grand jury some weeks ago against a large number of defendants in various sections of the country wherein the government alleged it had lost millions of dollars through distilling frauds which had evaded the payment of taxes. Defendants who have been indicted and arrested in connection with the alleged frauds include:

Knox Booth, of Nashville; James Serber, of Atlanta; John L .Carpar, of Fort Smith; Fred Bowles, of Oklahoma City; J. B. Thomas, of Millner, Ga.; S. L. Williams, of McDowell County, N. C.; Newton C. Stradley, of Springfield, Mo.; J. Henry Brown, of Fort Smith, and Moses P. Brock, of Davie county, N. C.

ALL PARTICIPANTS IN HARMONY WITH PRESIDENT'S PLAN

(Continued from Page One.)

obstacles, but it was agreed that they are surmountable. That the plan might necessitate an embargo on munitions of war to any faction which refuses to recognize the new government, is probable.

Rumors that a breach had occurred over personalities were emphatically denied, and it was the discussion had not reached the stage where the Presidency was being considered. The status of General Carranza and General Villa was freely considered and debated.

The fact that Carranza has refused to confer with his adversaries whom he considers conquered was discussed.

Will Make Careful Study

Questions of international law, various provisions of the Mexican constitution, and the probability that many of Carranza's adherents might not follow him into defience of a genuine Pan-American effort to restore peace and government in their country, are to be carefully studied before the final program is determined.

GEN. B. F. TRACY IS DEAD AT AGE OF 85

at 25 years of age. At the outbreak of tht Civil War, he was serving in the New York Legislature as an assemblyman. It is said that here he made the first legislative speech in the United States in favor of paper money for war expenses. Like many of his colleagues, Assemblyman Tracy went to the front, after organizing two regiments. He served first as colonel of the 109th New York.

FLOWERS ARE PLACED ON THE GRAVE OF MRS. WILSON

Anniversary of Her Death Fittingly Observed at Rome, Ga.

Rome, Ga., Aug 6.—Observance of the first anniversary of Mrs. Woolrow Wilson's death was marked here today by scores of children and adults placing flowers on her grave and by the holding of memorial services under the auspicies of the Ellen Axson Wilson memorial association.

In additional to flowers from local residents, many organizations through the country sent tributes. A wreath of palms was received from President Wilson and a large box of flowers came from the White House conservatories. The hour from nine to ten o'clock this morning was given over to children and many came with only a single blossom and placed it among the mass that covered the grave.

Boston, Aug. 6.—The number of machinists on strike here was augmented today when most of the workers at the factory of the National Machine Tool Company in the South Boston district walked out. The strikers demand an eight-hour day without reduction of pay. About 300 men are involved.

Visit your friends at the fort. Annual State Encampment. Steamer Wilmington leaves Sunday 9 a. m. and 2:30 2:30 p. m. Fare 50 cents.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped

NEGRO IS LYNCHED BY MOB OF MASKED MEN

Officer and Prisoner Met at Train and Disarmed.

Negro Confessed to Charges in Connection With Criminal Assault—Was Hanged at Scene of One of the Crimes.

Shawnee, Okla., Aug. 6.—Ed Berry, negro, charged with two cases of criminal assault and suspected in connection with ten others that have occurred here in the last three years, was taken from officers early today and hanged to a telephone pole at the scene of one of his alleged crimes.

Berry was secretly brought here for trial from the penitentiary at McAlister. When the train arrived and the deputy sheriff and his prisoner alighted, they were covered by revolvers in the hands of a dozen masked men. The officer was disarmed. Ten or twelve automobiles loaded with masked men then appeared and the negro was quickly conveyed to the Beard street bridge. When the rope was adjusted around Berry's neck, he was questioned about the crimes and asked if he were guilty. In each instance he nodded his head affirmatively. In every case the negro's victim was a white woman.

Following the confession, the negro was hanged in the presence of about 75 men, all masked, after which the crowd dispersed.

Later the body was cut down and removed to an undertaking establishment. Since July 11 Berry has been carried from one place to another and finally lodged in the penitentiary at McAlister for safe keeping, it being feared, the general indignation of what was said to be the delay in bringing the negro to trial, that he would be lynched. Berry's case was to have been heard here August 9th.

The coroner's jury returned an open verdict.

BEACH FETE VISITED BY IMMENSE CROWD

(Continued From Page Five)

Japanese lanterns and parasols were to be seen. The crowd was evidently the largest that has ever been seen at this popular pavilion. When Miss Betty Lee sang her two Japanese special selections, the attempt to get a glimpse of her proved in vain to nearly half the audience. Every possible opening through which she might be seen or heard was taken advantage of and many more were trying to get a suitable location. There were as many as could get on the floor ready to dance at 8:15 when the Don Richardson orchestra began playing and it was kept full every dance until the final number was played.

Mr. Bonitz Grateful.

Late last night when interviewed by a Star representative, Mr. H. E. Bonitz, chairman of the committee on special entertainment on Wrightsville Beach, said he felt incapable of sufficiently appreciating the hearty co-operation of the cottagers on the beach in making a uniform and beautiful decoration. He says that too much praise cannot be said of Fire Marshall W. A. French and his assistants. He wished to express his appreciation to Mr. W. C. Denny and the other marshalls for the perfection of the way they played their part and for the successful occasion. Mr. Bonitz, while a recipient of one of the prizes, thought the judges were honest and sincere, and he appreciated the zeal with which they examined every contestant, that their decision might be just. Those interested in the occasion, he says, feel deep appreciation to Chief Schnibben and his men who kept such close watch that no accident happened, and to fate for granting that so many people could gather for a festive occasion without a serious accident. The committee extends their thanks to Captain Uberroth and the other officers of the Seminole for the valuable part they played in the entertainment. Mr. Bonitz, said that last, but not least, he wished to thank the press for splendid publicity given the occasion.

Among many other things of interest to those present, it was interesting to those who saw it, to know that Mr. E. C. Wemple of Fayetteville, and Mr. George Rudicon, life saver at the Seashore Hotel, swam out to the revenue cutter Seminole after it had anchorrd off the beach.

Prizes Awarded.

The judges of the best decorated cottage and float, selected by Mrs. Annie J. Northrop, were Mesdames W. A. French, of Wilmington; Don Richardson, Paris Cottage, Wrightsville Beach; C. K. Selden, of Atlanta, stopping at the Hanover Inn; T. P. Johnson, of Salisbury, a guest at Bon Air Cottage, and Mrs. Scott, of St. Louis, a guest at the Seashore Hotel. They used the most diligent care in making their selections and awarded the first prize to the best cottage decoration to Mrs. E. Payson Willard, and the second to Mrs. H. E. Bonitz. They gave the prize for the best float to Mrs. Robert Northrop. This prize is given by the C. W. Polvogt Company. The prizes for the cottages were $5 and $2.50, in gold, by the entertainment committee.

The committee which had charge of the feast of lanterns was composed of Messrs. H. E. Bonitz, chairman; T. H. Wright, B. H. Bridgers, R. H. Northrop, W. A. French, D. R. Foster, C. D. Maffitt, Mesdames M. L. Wall, W. M. Parsley, Geo. P. Cotchett, Annie J. Northrop, S. A. Schloss, P. Q. Moore, C. C. Brown, Benj. Solomon, H. C. Bear, P. R. Albright and A. B. Skelding.

Names of the firemen under Fire Marshal W. A. French, assisted by Chief Chas. Schnibben, of the Wilmington fire department, were C. A. Hargrove, J. H. Litgen, J. D. Shipp, J. L. Croom, A. J. Burriss, G. G. Smith, N. H. Davis, A. H. Simmons and Capt. W. K. Canady.

Chief Marshal W. C. Denny and his first assistant R. H. Grant, with the following marshals received the honorable mention of the general committee: Herbert O'Neal, J. H. Niggel, Horace D. Springer, J. L. Williams, Harry Solomon, T. E. Brown, E. Fred Banck, J. W. Williamson, Albert Solomon, W. A. Lord, A. O. Schuster, Albert Perry, J. F. Roach, Wm. Parsely, Arthur Bluethenthal, John Dosher, Thos. J. Moore and John Bonitz.
